PEOPLE WITH DOWN SYNDROME

Hardly any protection, inclusion

MD SHAHNAWAZ KHAN CHANDAN

Zaheda was rushed to a private clinic in Chandpur district's Shahrasti upazila on May 24 last year.

The 24-year-old has Down Syndrome, and due to the genetic disorder, she has speech impairment. Her lean body and deformed limbs obstruct her physical development and mobility.

However, these were not the reasons why she was taken to the hospital.

The doctors at the clinic found that Zehada was 36 weeks' pregnant and she would require a caesarean section for safe delivery of her child. She was not married and could not tell how she got pregnant because of her impaired speech.

Zaheda used to live with her elder brother, Manik Mia, a rickshaw puller. Her parents were dead.

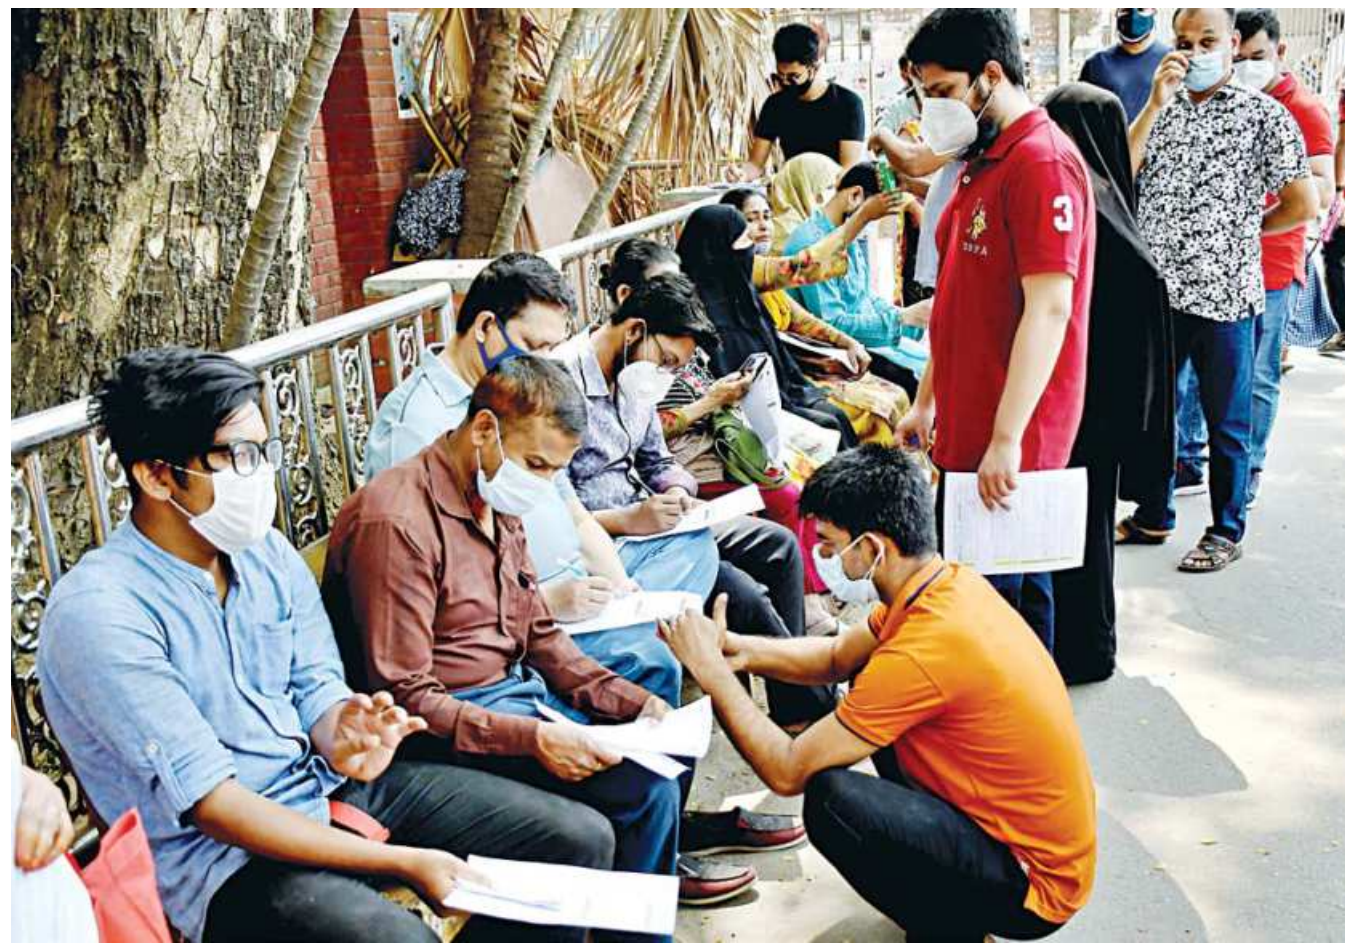

Manik said his sister used to stay at home all day, but sometimes she used to go for walks in the village. He thinks she might have been raped during one of her excursions.

"Everybody used to treat my sister with sympathy. I never thought someone could be so vile as to do this to her," said Manik.

On May 25, Zaheda was transferred to Cumilla Medical College Hospital where she gave birth to a healthy baby boy. She got some financial and medical assistances from Down Syndrome Society of Bangladesh (DSB).

A case has also been filed seeking protection for Zaheda and her child.

Bangladeshi allegedly killed in BSF firing

OUR CORRESPONDENT, Moulvibazar

With marks of bullet wounds, the body of a Bangladeshi man was seen lying on the Indian side of the border near Juri upazila of Moulvibazar yesterday, said locals.

The locals identified the deceased as Bappa Miya, 30, a cattle trader, who lived in a village of the district's Fultala union. They suspect that he was shot dead by the Indian Border Security Force (BSF).

Talking to this correspondent, Border Guard Bangladesh (BGB) members, however, said they were yet to confirm whether the man was a Bangladeshi and how he died.

Subedar Delwar Hossain, commander of BGB-52 Battalion's Fultala camp, said communications between SEE PAGE 10 COL 6

Huji set up 'madrasa' to train children

Finds CTTC investigation

MOHAMMAD JAMIL KHAN

Investigators have found that banned militant outfit Harkat-ul-Jihad al-Islami (Huji) was giving training to children in the guise of running a madrasa.

For this purpose, Huji had taken lease of a piece of land in a remote hilly area of Bandarban after collecting funds from sympathisers.

The Huji's "operations wing" head, Mohammad Mainul Islam alias Mahin alias Mithu alias Hasan, used to operate the training activities. Identifying himself as a "journalist", he took lease of the land, said investigators of Counter Terrorism and Transnational Crime (CTTC) unit.

Mainul had managed an identity card from a media outlet in Dhaka. He used to collect information about Huji's target using the identity.

CTTC officials claimed to have discovered the Huji training camp and learnt about its activities following the arrest of Mainul and his two associates

COUP IN MYANMAR

Protests on defying campaign of fear

One more killed

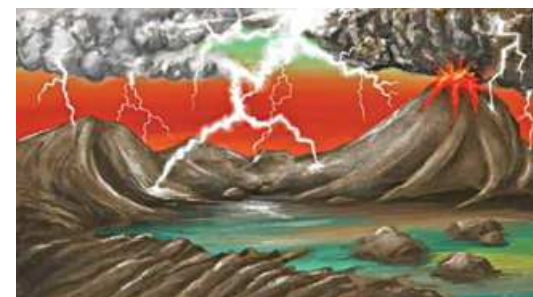

AGENCIES

Protesters returned to the streets across Myanmar yesterday, defying a junta-led campaign of fear as UN Secretary-General Antonio Guterres again condemned the killing of demonstrators and arbitrary arrests there.

A young man was shot and killed in one of the most turbulent neighbourhoods of the main city of Yangon, a resident and media reported, taking the death toll since the Feb. 1 coup to 238, according to a tally by the Assistance Association for Political Prisoners activist group.

Lightning may have sparked life on Earth

CNN ONLINE

Millions of lightning strikes may have been just what life needed to begin on Earth, according to a new study.

One of the key ingredients needed for life as we know it is phosphorus -- and the multitude of lightning strikes that happened when Earth was young 4 billion years ago may have unlocked the necessary amount of phosphorus to create the foundation for life.

Phosphorus is needed in the molecules that SEE PAGE 10 COL 1

Man held for raping girl with challenges

Teen accused of rape in Jashore

STAR REPORT

A teenage boy was sued over the rape of a minor girl in Jashore yesterday, while a man was arrested on charge of raping a mentally challenged girl in Noakhali.

In a separate incident, a private tutor was arrested on Friday night for raping his female student in Sirajganj.

The accused of Jashore is a 12-year-old resident of Chhoto Haibatpur village in the district's Sadar upazila, said police.

The victim's family members alleged that the neighbouring boy took the 5-year-old girl to his home luring her with chocolate SEE PAGE 10 COL 6

Modi wishes Imran Khan 'speedy recovery'

AFP, New Delhi

India's Prime Minister Narendra Modi wished his Pakistani arch-rival Imran Khan a "speedy recovery" from Covid-19 yesterday, in a new sign of a thaw between the neighbours.

Since agreeing to halt hostilities on their disputed Kashmir border last month, the nuclear-armed rivals have shown signs of wanting to improve relations.

Earlier, Pakistan's Health Minister Faisal Sultan said Khan was "in good health" with a mild cough and fever and was self-isolating at home.

The 68-year-old former top cricketer received a shot of the Chinese-produced Sinopharm vaccine on Thursday, as the country battles a third wave of the virus.

SURGE IN COVID CASES

Fresh lockdowns in Europe, Asia

France, Poland and Ukraine announce new curbs; India reports 40,953 new cases; Brazil shuts beaches

AGENCIES

France, Poland, Ukraine and parts of India introduced new lockdown measures yesterday to fight a surge in coronavirus infections, as the European Union threatened to block exports of AstraZeneca jabs in an escalating row over vaccines.

In Poland most shops will be shut for the next three weeks along with hotels and cinemas, with similar measures introduced in Ukraine's capital Kiev.

A third of France's population also woke up to new restrictions, with non-essential shops shut in Paris for at least a month, SEE PAGE 10 COL 3
