Mudaraba perpetual bond to raise Tk 600cr

STAR BUSINESS REPORT

Bangladesh's first ever tier-one mudaraba perpetual bond has received the nod from the Bangladesh Securities and Exchange Commission (BSEC) for a Tk 600 crore fund to be raised.

Tier-I capital consists of equity and perpetual debt securities, which are similar to equity in nature.

The stock market regulator yesterday approved the bond of Exim Bank in a commission meeting chaired by BSEC Chairman Prof Shibli Rubayat-Ul-Islam.

Last July the BSEC decided that all perpetual bonds issued by banks must be tradable in the main board of the stock exchanges.

The Exim Bank mudaraba perpetual bond is characterised as unsecured and contingent-convertible

BASEL-III compliant. The bond's coupon rate ranges from 6 per cent to 10 per cent and it will be traded in stock exchanges once listed,

said the BSEC in a press release The fund would be raised through issuing the bonds among public sector financial institutions, mutual funds, insurance companies, scheduled and rural

banks, trusts and eligible investors through private placement. The fund would be utilised to strengthen Exim Bank's additional tier-one capital base. The face value of each unit

would be Tk 10 lakh. This is the first ever tier-one mudaraba perpetual bond set to be listed, said Ershad Hossian, CEO of City

Bank Capital Resources.

Shariah Based Islami Bank The merchant bank is working as the arranger

whereas Green Delta Insurance trustee.

"We are working first for raising funds for strengthen tier one and two of capital base," he said.

Since last year, the country's commercial banks have begun receiving regulatory approval for perpetual bonds. Eight banks are raising funds of Tk 3,600 crore.

They are City Bank, Jamuna Bank, Exim Bank, Mutual Trust Bank, Trust Bank, One Bank, First Security Islami Bank and Social Islami Bank.

The country could have progressed more if its economy is made vibrant by controlling corruption in an honest, efficient and effective manner, Finance Minister AHM Mustafa Kamal yesterday said.

"We must be able to reach our expected goal with our own capability. If we can avoid misuses and distortions existing in different areas of our economy, it would make our economy vibrant in an effective, efficient and transparent manner," he said.

Kamal made these while speaking as the chief guest at the inauguration of Mujib Corner and Bangabandhu Mural at Janata Bank. The minister joined the programme through a virtual platform.

Citing a quote of Bangabandhu Sheikh Mujibur Rahman that says independence would be valueless if each countryman cannot get food, accommodation and a sound life, the minister urged all to continue working to achieve economic emancipation as dreamt by the father of the nation.

AHM Mustafa Kamal

Mentioning that Bangabandhu desired for Bangladesh to be amongst developed countries, Kamal said the country's first step towards that direction is to attain graduation from the least developed grouping.

Every country that got an opportunity to make progress at one time or another acted promptly to make it possible, Kamal said while stressing on the need for capitalising on opportunities created by demographic

Curbing graft would make Indian state Mizoram wants to use Ctg port

Says Commerce Minister Tipu Munshi

Mizoram, a northeastern state of India, wants to use Bangladesh's Chattogram port to increase bilateral trade, Commerce Minister Tipu Munshi said yesterday.

The Indian state wants to use the premier Bangladeshi port to increase trade with us.

Munshi informed the media about the development after a meeting with R Lalthangliana, Mizoram's minister for health, education and commerce, at the secretariat vesterday.

Bangladesh and Mizoram have

Bangladesh and Mizoram have around 319 common border points, most of which are landlocked with poor connectivity

around 319 common bordering areas, most of which suffer from landlock and poor connectivity. As a result, the volume and value of formal trade between Bangladesh and Mizoram is still very low.

The Mizoram government has expressed interest to open four border haats so that the people in those areas can enjoy the benefits of Degamukh area of Bangladesh, the

bilateral trade, Munshi said.

"We plan to open at least one border haat with Mizoram soon. I will visit the state next month and in May so that we can open the border haat," Munshi told reporters at a press conference.

There is a possibility of opening a border haat at the Sajek or

commerce minister said, adding that a decision would be taken after visiting the spots.

Munshi also said that Mizoram wants to construct a 666-metre bridge at Borofkol in Rangamati direct connectivity with Bangladesh.

Bangladesh will also consider constructing the proposed bridge as the country wants more business with the Seven Sister States of India.

There is a 18 to 19-kilometre river route from Mizoram, which connects Bangladesh's Rangamati, Munshi said, adding that Mizoram will use this route to enter Chattogram port.

Bangladesh could immensely benefit from increased trade with Mizoram as this Indian state is a major source for stone, ginger, chilly, bamboo, sugar, cement, banana and teak wood.

On the other hand, Bangladesh is a major source for garments, cosmetics, fish, meat, electronic goods, cooking oil, toiletries and processed food.

StanChart to celebrate 50yrs of Bangladesh's independence

STAR BUSINESS REPORT

Standard Chartered Bangladesh (SCB) has taken a series of financial and cultural initiatives to celebrate the country's 50 years of independence. As a part of the move, the British lender yesterday rolled out a commemorative credit card at Pan Pacific Sonargaon Dhaka in the capital.

Against every commemorative card activated the bank will donate Tk 500 to Liberation War Museum, said Standard Chartered Bangladesh CEO Naser Ezaz Bijoy. This will get the cardholder's name registered in the list of

the museum's donors. The cardholders will get the same facilities as those availed by those having Visa platinum credit cards. Clients can now apply for the card, which will be available from the last of week of May.

"With 116 years of uninterrupted presence in Bangladesh, Standard Chartered is the

only multinational universal bank in the country with a unique blend of deeprooted local presence and capacity to capitalise on its

global network and product coverage," said Bijoy. The bank was the first to open letters of credit (LCs) on behalf of Bangladesh once independence was achieved, he said. It is also the country's first lender to pioneer the roll out of credit cards, call centres, automated teller machines, collateral-free personal loans and many other banking products, he said.

Stocks fall as second-wave fear grips investors

STAR BUSINESS REPORT

Stocks nosedived more than 3 per cent in the last two trading sessions as investors became worried following the sudden surge in Covid-19 infections and death tolls.

The DSEX, the benchmark index of the Dhaka Stock Exchange (DSE), dropped 84 points, or 1.56 per cent, to end the day at 5,349 yesterday. This means, the index shed 166.62 points, or 3.04 per cent in the last two

Investors fear that the rise in infections might take a toll on the business in the country for the second time in the last one year, said a stock

"Investors are cautious in buying stocks.'

There is even an apprehension among the investors that the market might be closed, like the government did nearly a year ago, to limit the spread of the rogue virus.

However, the regulator said that

such a decision had not been taken Directorate General of Health Services. yet, and the trading would continue if banks remained open

As most of the listed companies were hard hit in the initial weeks of the lockdown in Bangladesh before restrictions were eased in June, investors are nervous, the broker said.

"If the situation worsens, the market would be impacted again," he added.

Twenty-two people died of Covid-19 infections across the country in the last 24 hours, according to the

At least 2,172 people were infected.

"As the number of cases is rising, people are edgy," said Sohel Rana, a stock investor.

In many countries, the second wave of Covid-19 impacted businesses and the stock market seriously, he said. "As many people across the country

don't maintain health protocols, the lax attitude might be more dangerous for us. So, investors are selling," Rana said.

Banks' online transactions face hiccups

Disrupted for two hours for electricity problem

STAR BUSINESS REPORT

Clients faced difficulties to settle inter-bank transaction through different digital modes between 6pm and 8pm on Saturday in the wake of an electrical problem faced by the central bank's National Payment Switch Bangladesh (NPSB).

The electricity failure had occurred from the uninterruptible power supply (UPS), also known as a battery backup, of NPSB that created a roadblock for many clients to settle transactions through ATM, POS and internet banking.

Many clients lodged complaints to their respective banks about the failure of transactions as it was a public holiday when a good number of clients usually spend busy time for shopping, said heads of card of three banks.

In addition, the hours between 6pm and 8pm are considered as pick hours.

"This was an unexpected problem and it had been resolved immediately soon after we noticed it," said a central banker, who is one of the assigned officials in running the NPSB.

NPSB is an electronic platform, which started its operation in December 2012 with a view to attaining interoperability among banks for card-based and online retail transactions.
