## KALURGHAT BRIDGE Fate depends on new study

DHAKA THURSDAY MAY 20, 2021, JAISHTHA 6, 1428 BS

More than seven years ago, in April 2014, the government had decided to build a new bridge at Kalurghat in Chattogram through a bilateral cooperation with South Korea.

Since then however, the authorities have not been able to reach a final decision on whether the bridge would be a dedicated single-track rail bridge, a double-track one or a road-slash-rail bridge.

Although the BR had decided to build a single-track rail and road bridge last year, it now depends on a fresh feasibility study -- six years after the first one -- to check whether a double-track-with-road option is technically and economically viable, rail officials said.

The decision was taken at a meeting held yesterday at the Rail Bhaban in the presence of Railways Minister Nurul Islam Sujan.

Top officials of the railways ministry, BR and Economic Development Cooperation Fund (EDCF) of Korea also took part in the meeting.

Railways ministry, through the Economic Relations Division, will now send a letter to EDCF to carry out the study and it may take six to seven months for the study to be completed, the officials said.

While the authorities have failed to take a decision, the British-era bridge over the Karnaphuli river has become unsafe, and has been so for a while.

Hundreds of vehicles plying the bridge are facing difficulties as the deck and iron fencing on both sides often become worn out and potholes develop on the surface, creating risk of mishaps.

Authorities have to repair the bridge occasionally to SEE PAGE 10 COL 4

### Biden expects 'de-escalation' in Gaza today

US again rebuffs Frenchbacked UNSC ceasefire resolution call

#### AFP, Gaza

US President Joe Biden yesterday told Israel's Prime Minister Benjamin Netanyahu that he expects "significant deescalation" in the military confrontation with the Palestinians, amid intense efforts to reach a ceasefire.

Deafening air strikes and rocket fire once more shook Gaza in the conflict that has, since May 10, claimed 219 Palestinian lives according to the Gaza health ministry and killed 12 people in Israel according to Israeli police. "The president conveyed to the prime minister that he expected a significant de-escalation today on the path to a ceasefire," the White House said after a fourth phone call in a little over a week.

despite desperate efforts and it would never be able to do so, Bangladesh Home Minister AHM Kamaruzzaman told UNI in an interview published in the Hindustan Times today.

"The former civil servants of Bangladesh have vowed not to support the occupational force, for every citizen in Bangladesh considers the army action as an attack on his legitimate right to live

# Rohingyas must have access to livelihood

Says UNHCR chief Grandi

UNHCR chief Filippo Grandi wants to use funds for the Rohingyas judiciously and create livelihood options for them.

In an exclusive interview with The Daily Star, he said, "Rohingyas should have [at least] the minimum access to

livelihood. Otherwise, it is very risky to create a dependent 'Also, it is difficult to mobilse humanitarian assistance for many years."

Addressing a discussion organised by Awami League's Relief and Social Welfare Sub-Committee, Quader hoped that the journalist concerned will

As diplomatic efforts intensified to stem the bloodshed, Germany said its top diplomat was heading to Israel for talks today.

Netanyahu earlier yesterday issued a tough threat against the Gaza Strip's Islamist rulers Hamas, who Israel says has fired around 3,700 rockets at Israel since May 10.

"You can either conquer them, and that's always an open possibility, or you can deter them, and we are engaged right now in forceful deterrence," he told

was it still barring international organisations and bodies from Bangladesh, he asked. The Pakistani rulers were concocting stories to hide the real state of affairs in Bangladesh from the outside world.

"They know if any impartial body is allowed into Bangladesh, the mischievous propaganda and designs will stand revealed."

Regarding Pakistani propaganda that the troops had to intervene to put down racial and communal riots, he said the Liberation War was not against any religion.

"Our struggle is not opposed to Islam. The value and teachings of Islam shall be preserved. The values and teachings of other religions shall also be protected. We envisage a state which is free of exploitation. Our aim is to establish an egalitarian and classless society in which there will be no barrier between man and man, irrespective of his caste, colour and creed," Kamaruzzaman added.

The home minister further said, "Those who accept Bangladesh as their motherland and are connected with the Liberation War are our brothers. Those who are playing the role of quislings, whatever their religion, are our enemies and the enemies of Bangladesh. They shall be tried by people's courts.'

Responding to a question, he said, "Repatriation is the ultimate solution but you cannot keep people in limbo for years and years.

He made the statements on Monday, a day before the UN and Bangladesh launched a Joint Response Plan (JRP) that seeks to mobilise \$943m for nearly a million Rohingyas and five lakh host community people in Cox's Bazar.

Last year, Bangladesh made access to education available for the Rohingya children. Some of them are now engaged in different activities for their livelihoods.

However, a large number of youths at the Rohingya camps in Cox's Bazar are yet to find a job.

Some 750,000 Rohingyas fled to Bangladesh following a brutal military crackdown in Myanmar's Rakhine State in 2017.

Despite repeated attempts by the Bangladesh government, not a single Rohingya could be repatriated. On top of that, the military coup in Myanmar and the

coronavirus pandemic further complicated the situation. Grandi said, "The impact of the presence [of the SEE PAGE 10 COL 1
