On World Environment Day 2021, Bonayan pledges 'Ecosystem Restoration' to build a greener tomorrow

Since 1980, Bonayan, the largest private sector driven afforestation program has been contributing towards a greener Bangladesh. We hope to build on this momentum and continue to support the Government of Bangladesh in achieving the SDGs.

BONAYAN

— For A Greener Tomorrow —

'Bonayan' was initiated to combat the impact of climate change. Bonayan has distributed saplings of medicinal, fruit and timber varieties across the country. Every year, the Bonayan programme distributes saplings free of cost to diverse beneficiaries, helping to bring balance in the landscape.
