Animals dying as road, rails run thru' Lawachhara forest; LGED project to build alternative road still waiting for Ecne approval

MINTU DESHWARA

Deaths of rare and endangered species of wildlife under the wheels of vehicles and on train tracks are rampant in Moulvibazar's Lawachhara forest.

A 6.5-kilometre road connecting Sreemangal and Kamalganj and a five-kilometre portion of the Dhaka-Sylhet rail route goes through the forest.

On average, three wild animals die every day on these roads and rail tracks, found wildlife research body Creative Conservation Alliance in a survey conducted last year.

Trial of Suu Kyi to run longer

AFP, Naypyidaw

A Myanmar junta trial of Aung San Suu Kyi will run longer than scheduled, her lawyers said yesterday, with the prosecution still to call nearly two dozen witnesses.

The coup-ousted leader, who is under house arrest, faces an eclectic raft of charges in a trial her legal team had expected would be wrapped up by the end of July.

But with 23 witnesses still to go, "even the close of the prosecution side won't be possible" by then, said her lawyer Khin Maung Zaw.

Suu Kyi was deposed by the military in February, sparking a mass uprising and a brutal crackdown. More than 880 civilians have been killed by the junta's forces, according to a local monitoring group.

Cut off from the outside world except for brief meetings with her legal team and her court appearances, Suu Kyi appeared at the specially set up tribunal in the capital

BHASHANI REJECTS 'POLITICAL SETTLEMENT'

The people of Bangladesh would not accept any political settlement short of independence, said Maulana Abdul Hamid Khan Bhashani.

"The people of Bangladesh will not accept a hoax in the name of a political settlement when they have lost their possessions, when the honour of women has been violated, when so many people have shed their blood, and when millions have been ejected out of their own homes," said the Maulana.

He made it quite clear that there could be no compromise on the matter. "It is independence or death," he said.

He warned the quislings who might be tempted to strengthen the hands of President Yahya Khan of dire consequences.

Any party which ignores the demand for full independence and joins hands with Yahya will be hated more than the anti-people Muslim League. Their political death is inevitable, he predicted.

Bhashani indicted USA and China for giving aid in the shape of arms and money to Pakistan and thereby supporting and sustaining Islamabad's war of extermination on the people of Bangladesh.

US Covid cases raising again

Country says Delta variant accounts for 35.6 percent of new cases

AFP, Washington

After declining fast for two months, the rate of Covid infections in the United States has leveled off since mid-June thanks to localized spikes in under-vaccinated regions of the country, data showed yesterday.

It comes as the highly contagious Delta variant continues to gain traction, now accounting for 35.6 percent of sequenced cases in the past two weeks, according to the covSpectrum tracker. Authorities have said it is poised to soon become the country's dominant strain.

The seven-day-average of new daily cases has hovered at around 11,500 since June 16, according to the Centers for Disease Control and Prevention, or about 3.5 per 100,000 people.
