

Accident delays

FROM PAGE 3

The project, which started in June 2017, was supposed to be completed in June 2018, said sources. Meanwhile, the builders gave Zakir Enterprise sub-contract of the project.

Contacted, Abdus Sattar Roni, general secretary of South Chattogram Passengers' Welfare Association, said thousands of people must cross the canal by boat due to delays in constructing the bridge. Emergency patients, pregnant women and students who appear for public examination are the worst sufferers.

"The authorities should pay attention to complete the work of the very important bridge immediately," he said.

Mohsin-ul-Islam, manager of Zakir Enterprise, could not be contacted as he did not receive phone calls despite repeated attempts. At one stage, the phone was found switched off.

No officials of Rana Builders or Hasan Builders could be contacted.

However, Suman Singha, executive engineer of Roads and Highways Department (Dohazari circle), claimed that the incident on Friday was merely an

accident.

However, the two main contractors were given show-cause notices, he said.

"Four of the five girders were already set up. When the last girder was being installed by hydraulic jack, a pipe of the jack broke down, which displaced the girder and hit the next one, and that hit the one next to it. In that way, three girders got displaced suddenly and fell into the canal," he explained.

"It's our bad luck. We were supposed to complete the project by June 30, but the accident damaged a lot of the bridge," he said. "It would delay project for at least six months. As the rainy season has already started, we could not go for piling in the canal. We will have to wait for dry season."

Suman claimed that only one worker sustained minor injuries in the accident, who received primary treatment.

Regarding a one-year project being delayed for four years, he said he took over office two years ago and from then on work of the project gained pace.

"We warned the contractors over the delay and strictly instructed them to complete it as soon as possible," he added.

HC asks about

Liberation Minister AKM Mozammel Haque held a meeting on June 24 on this issue, but the resolution of the meeting's decision was yet to be finalised, he said, adding that he will submit the resolution to the court when he receives it.

Lawyer Syeda Rizwana Hasan appeared for the writ petitioners during the virtual hearing of the petition.

Earlier on May 20 this year, the HC bench expressed hope that the problems regarding Suhrawardy Udyan's tree-felling will be resolved amicably, through discussions between the government and environmentalists.

Rights organisations Bangladesh Environmental Lawyers Association (Bela), Association for Land Reforms and Development (ALRD), Nijera Kori, Bangladesh Legal Aid and Services Trust (BLAST), Bangladesh Paribesh Adolon (Bapa) and Ain O Salish Kendra (ASK), and architect Mubasshir Hossain collectively filed the writ petition with the HC on May 9 this year.

In the petition, they sought its directive on the government not to cut trees and not to damage environment and natural characteristics at Suhrawardy Udyan.

Following another writ petition, the HC on July 7, 2009 directed the government to identify and preserve all the important historic places related to the Liberation War and to set up memorial monuments at the historic places at Suhrawardy Udyan maintaining international standard, so that people from home and abroad can pay homage to martyred freedom fighters.

The HC had ordered the government to take steps to protect and maintain the historic places at Suhrawardy Udyan -- where Bangabandhu Sheikh Mujibur Rahman delivered his historic speech on March 7 in 1971 and where the Pakistani army surrendered on December 16, 1971.

Suhrawardy Udyan also include places where Bangabandhu gave his speech on January 10, 1972, after his return to the country from exile, and where Indira Gandhi, then prime minister of India, greeted Bangabandhu on March 17, 1972.

The father and his family have been compelled to leave their home, he said.

The lawyer also said the 12-year-old boy was tortured and forced to give confessional statement, but the juvenile court concerned in Bogura has not taken any legal steps to this effect although there is a law in this regard.

Five Supreme Court lawyers -- Ahammed Abdullah Khan, Md Zahirul Islam, Md Mustafizur Rahman, Md Zobaidur Rahman and Imrul Kayes -- jointly filed the criminal revision petition as a public interest

litigation before the HC challenging the legality of the trial proceedings at the Juvenile Court in Bogura.

Shishir placed the petition before the HC bench along with a copy of The Daily Star report on the matter, as well as its video report, as supportive documents.

On June 11, The Daily Star published a report titled "Bearing the unbearable", and a video about the ordeal of the family.

On August 25, 2015, the body of eight-year-old was found in a jute field in Bogura's Katakhal. A day later, the father filed a case with Sariakandi Police Station.

WB to provide

Livelihood Improvement Project, the RELI project will mobilise, develop and strengthen community organisations, and finance their community plans to provide cash transfers and loans for income-generating activities.

The project will provide training to almost 4,90,000 people on climate risk, adaptation, and resilience building. It will also build 5,120 climate-resilient small-scale infrastructures.

It will support rural entrepreneurs and producer groups with market linkages including e-commerce platforms, partnerships with local governments, and promotional activities, said a WB press release.

The project will also provide skills development training to the unemployed or under-employed youth and returnee migrants to increase their employability.

Fatima Yasmin, secretary of Economic Relations Division, and Mercy Miyang Tembon, WB's country director for Bangladesh and Bhutan, signed the financing agreement on behalf of their respective sides.

Tembon also inked the project agreement on behalf of WB, while AZM Sakhawat Hossain, managing director of SDF, signed for the implementing agency. SDF Chairperson Md Abdus Samad was also present at the signing ceremony, according to a SDF media release.

"The Covid-19 pandemic has negatively impacted the poor in rural areas, particularly women, by limiting their income and economic opportunities," said Tembon.

"This project will help boost the rural economy, and 90 percent of the beneficiaries will be women. The project will also help with health and nutritional awareness. When a woman earns more, her family and the community are better off," she said.

Yasmin said, "Through community mobilisation and climate-smart agriculture practices, the project will help rural women withstand any future shocks like the pandemic without falling back to poverty."

Complaining that government agencies are not cooperating in the production of coronavirus vaccine in the country, GM Quader said, "According to media reports, a research institute in our country has shown some success in making vaccines. But there are allegations of non-cooperation by the government regulators."

He said without good governance, implementation of the budget will not be possible.

GM Quader said the opportunity to legalise black money is tantamount to legitimising corruption as it was against good governance. "This will definitely encourage corruption,"

The JP chairman said the Bangladesh Financial Intelligence Unit had found evidence of 1,024 cases of money laundering in the last five years. But no legal action was taken against anyone so far.

Noting that the proposed budgetary allocation Taka 32,731 crore for the health sector as insufficient, GM Quader said this allocation for health sector should be increased to nearly 5 percent of the main amount of the budget as per the suggestion of the World Bank.

Police detained them from Nishindara area of Bogura Sadar upazila around 1am.

The video, which went viral, showed a team of Bogura district law-enforcers illegally smashing battery-run auto-rickshaws and vans with hammers, and later, bulldozing them. Police said the incident took place in 2017, but during the current lockdown, the arrestees published it as a recent incident.

According to a police press release, the accused were spreading the video inside a Facebook group.

During preliminary interrogation, the accused admitted that they had used the opportunity to tarnish the image of law enforcement agencies during the ongoing strict lockdown, police said.

Bogura Superintendent of Police Ali Ashraf Bhuiyan told The Daily Star, "The accused are inciting public discontent and anger against the government by releasing an old video and saying the footage is of current drives of law enforcers during the ongoing lockdown."

The accused will be produced before court today, said Inspector Emran Mahmud Tuhin.

On Monday, a Dhaka court ordered to freeze eight bank accounts of Khokon and his family members, as part of an investigation into an allegation of amassing illegal wealth.

Demanding a "neutral" role of ACC, Khokon said they have no objection to the investigation, as a citizen, he doesn't expect ACC to investigate after being instigated by someone.

Raising questions about the investigation, Khokon said, "Do people not know what is happening in the city, what is happening in ACC to curb corruption?"

People of Dhaka will not accept this "humiliation" and will protest, if necessary, he said.

Mayor Taposh will not reply or issue any statement over allegations brought against him by Khokon, as it is a sub-judice matter, said DSCC Public Relation Officer Md Abu Naser when contacted.

Raising questions about the city corporation election, Khokon said people know how many and what percentage of votes Taposh got. "Residents of Dhaka are seeing your activities."

Saying that his family "has been serving people for the past hundred years", he questioned why are they being harassed now.

"My mother Fatema Hanif, daughter of Mazed Sardar, the last sardar of Dhaka, and wife of late mayor of Dhaka Mohammad Hanif, who sacrificed his life to save his leader Sheikh Hasina, has been harassed through freezing of her bank account. This is regrettable," Khokon said.

Such an action cannot be done in any way to tarnish the honour of a respected person just out of doubt, he said.

"If me and my family paid attention to business, we would have been one of the richest families of Bangladesh. I would also be the richest person of the city, if I prioritised business," Khokon said.

Asked why he is calling Taposh a failed mayor, Khokon said he had made burial free but Taposh imposed tax on it. He is even taking tolls at different intersections coming into the city.

Asked, ACC Commissioner Dr Md Mozammel Haque Khan said, "ACC does not work under anyone's instigation." "If anyone believes we've worked under anyone's instigation, it is their duty to prove it before the court," he added.
