

'Militants eyeing move to Afghanistan'

Cops probing if some have already left

STAFF CORRESPONDENT

At least three members of banned militant outfit Ansar Al Islam are said to have travelled to Afghanistan recently while many others are expressing their desire in closed online groups to reach that country, leaving law enforcers concerned.

Radicalised young people are already encouraged by the resurgence of Taliban in Afghanistan as it has already captured major parts of that country, said counterterrorism officials.

They expressed worries that there might be a surge of Bangladeshi youths travelling to Afghanistan if Taliban seeks help from Foreign Terrorist Fighters (FTF) for establishing an "Islamic regime" in that country.

Law enforcers have learnt from some arrested members of Ansar Al Islam, a pro-al Qaeda militant outfit, that at least three Bangladeshi youths have reached Afghanistan recently.

Also known as Ansarullah Bangla Team (ABT), Ansar Al Islam claims to have an affiliation with al-Qaeda and also claims itself to be the sub-continental wing of the outfit.

An official who dealt with militancy for a long time said as Taliban did not seek help from FTF, Bangladeshi youths may go to Afghanistan receiving calls from al Qaeda or some other terrorist groups having a similar ideology.

An official of the Counter Terrorism and Transnational Crime (CTTC) unit said those who moved to Afghanistan and others planning to go there

PEGASUS SCANDAL Mamata-led WB govt sets up first probe panel

OUR CORRESPONDENT, New Delhi

West Bengal Chief Minister Mamata Banerjee yesterday announced the setting up of a committee comprising retired judges Justice Madan B Lokur and Justice Jyotirmoy Bhattacharya to probe the Pegasus spyware controversy.

The move came days after Mamata's nephew and Trinamool Congress lawmaker Abhishek Banerjee's name appeared on a list of potential surveillance targets.

This is a significant move for another reason - it is the first formal inquiry into allegations that between 2017 and 2019 an Indian client of Israel's NSO Group used Pegasus to hack hundreds of phones of opposition leaders, journalists, government officials and even a constitutional authority.

Govt to form 3 new upazilas in three districts

UNB, Dhaka

The government yesterday approved the creation of three new upazilas -- "Eidgaon" in Cox's Bazar, "Modhyanagar" in Sunamganj and "Dashar" in Madaripur -- in a bid to ensure balanced development in those remote areas.

With these, the number of upazilas in the country would be 495.

The approval came from a meeting of the National Implementation Committee for Administrative Reform (NICAR).

The meeting was held virtually, with Prime Minister Sheikh Hasina in the chair. She joined the meeting from the Gono Bhaban, while the others from the Secretariat.

Briefing reporters after the meetings of the cabinet and NICAR, Cabinet Secretary Khandker Anwarul Islam said, "The structures of the three new upazilas will be like that of the latest upazila [492nd upazila]."

Besides, Dakkhin Sunamganj upazila was renamed as "Shantiganj upazila", he said.

The NICAR meeting gave the go-ahead to widening the Sylhet City Corporation area and thus Shahjalal University of Science and Technology (SUST) and some other large establishments came under the

In a telephone conversation with American president Nixon, his security adviser Kissinger stated, "I will make it clear with the Indians that there isn't going to be a war. ...The problem—no military aid to Pakistan, they are not even getting economic aid. In reply, Nixon said, "After all they have done, we just aren't going to let that happen."

THANT MAY CALL SECURITY COUNCIL MEETING

The UN secretary general U Thant had separate meetings with the Indian and Pakistani ambassadors today to discuss the continuing tension along the border of the two countries.
