# Dissecting BUSINESS CASUAL

There are very few oxymorons which are as challenging to demystify as the term 'business casual.' Even though we all have vague notions of what this dress code implies, there tends to be a lack of unanimous agreement regarding its exact definition and elements. While most of us would include blazers and loafers into the dress code, lots of dispute surrounds the inclusion of dark wash denim and open-toed heels.

FLIP TO THE CENTREFOLD TO SEE HOW WE DEFINE IT
