

## MARCH 26 VIOLENCE Hefajat leader Rizwan on 3-day remand

COURT CORRESPONDENT

A Dhaka court yesterday placed Hefajat leader Mufti Rizwan Rafiqi on a three-day remand in a case filed with Paltan Police Station over the March 26 violence in Dhaka centring Indian Prime Minister Narendra Modi's visit.

Dhaka Metropolitan Magistrate Shahidul Islam passed the order after Abdul Malek, a sub-inspector of Detective Branch of police and also the case's investigation officer, produced Rafiqi before it with a 10-day remand prayer.

Earlier in the day, Rafiqi was shown arrested in the case after Malek submitted a petition seeking permission in this regard.

In the remand prayer, the IO said Rafiqi was directly involved with carrying out violence in Dhaka during the visit of Modi on March 26.

Moreover, Rafiqi posted various provocative speeches on Facebook and other social media for some days now to free jailed Hefajat leaders.

So he needs to be remanded to find out the cause behind the incident, the IO added.

On other hand, the defence submitted a petition, seeking bail along cancellation of the remand prayer.

Upon hearing both the sides, the magistrate placed him on remand.

Detective Branch of Dhaka Metropolitan Police of Motijheel division arrested him from the city's Mugda area Friday night, Iftekharul Islam, additional deputy commissioner (ADC) of DMP's media and public relations department, confirmed The Daily Star yesterday.

Police have so far arrested 27 top leaders of Hefajat, including its former joint secretary general Mamunul Haque for their alleged involvement in carrying out violence in May of 2013 and the violence in March this year in Dhaka.

# Protect 'oxygen centre' of port city

Say speakers protesting move to build hospital in CRB area

DU CORRESPONDENT

People from all strata of life, including writers, artists, cultural activists and lawyers, came together at Shahbagh to protest the government decision of building a hospital in the CRB area of the port city.

They held a protest rally in front of the national museum under the banner of "Pratibadi Sangskritik Samabesh".

As part of it, various cultural events were held which included poetry recitation, street plays and painting.

CRB, the headquarters of Bangladesh Railway's east zone, is surrounded by hills, hillocks and valleys with a number of century-old trees. The area is considered the "oxygen centre" of the city. It is also a habitat for different species of birds and wild animals.

"Building a hospital by

destroying the oxygen centre of Chattogram city is nothing but a cruel joke..." said Prof Anu Muhammad, member secretary of the National Committee to Protect Oil, Gas, Mineral Resources, Power and Ports.

"There are many other places to build a hospital. The responsibility of the government is to protect the interests of people not some individuals," he added.

Supreme Court lawyer

Jyotirmoy Barua said the government should take steps to protect the CRB area first, instead of hiring a private company to build a hospital destroying nature.

"We will go for a tougher movement if the project is not stopped," said Mahfuzur Rahman, coordinator of CRB Rakkha Mancha.

Speakers at the event also called upon all to raise their voices in this regard.

## Ctg admin, lawyers

"Without any planning, there are illegal and risky structures, car parking on the road, stationery shops, hotels, temporary kitchens, dry-fish markets, and street hawkers on the hill, which tarnish the beauty and glory of the historical place," it added.

Citing reports from the fire service and environment departments, the notice stated that a humanitarian crisis would be created due to the illegal and risky establishments in case of a fire, earthquake or landslide.

Additionally, no approval was taken from the land ministry, collector's office, Chattogram Development Authority (CDA) and DoE before setting up the establishments, it said.

The notice also warned that those who are trying to set up the establishments on khas land, defying existing rules, would face legal actions.

Once the notice was circulated, CDBA leaders took to social media to vent their anger. They announced that they would hold a press conference today over the issue.

CDBA general secretary AHM Zia Uddin claimed, "The two new buildings will be constructed on land belonging to the lawyers' association. We have the approval from the CDA. If the buildings are illegal, then why did CDA approve the plan?"

"The DC is trying to destroy the historical area by taking initiatives to construct parking and garden. Is this legal?" he alleged.

Deputy Commissioner Mohammed Mominur Rahman refuted the allegation and said, "The prime minister has given directives to the Law and Justice Division, Ministry of Environment, Forest and Climate Change, and Ministry of Land to ensure that no new structure is established at Parir Pahar. A letter in this regard has already been sent to ministries concerned from the cabinet division on September 13."

This correspondent obtained a copy of the report. The DC added that the CDA will prepare a list of illegal structures in the area and take initiatives to evict them.

"We have to follow law, which is equal for all, and save the historical and archeological area, which is a duty of the state," he said. "We are trying to declare the hill as a heritage site and shift offices from here to another location."

Currently, there are five buildings for the practicing lawyers of CDBA at Parir Pahar. However, there is no parking space in those buildings. Around 3,500 lawyers' chambers are situated in those buildings. The CDBA has taken the initiative to build two buildings to accommodate more lawyers who are members of the association.
