

Riots were 'pre-planned'

Delhi HC says in strong remarks on the three-day violence that left over 50 dead in 2020, refuses bail to one of the accused in the case

NDTV ONLINE

The Delhi riots of 2020 were planned and calculated to cause disruptions and were not triggered by any incident, the High Court said while refusing bail to one of the accused in the case yesterday.

"The February 2020 riots were a conspiracy, planned and executed. They evidently did not take place in a spur of the moment," the Delhi High Court said in strong remarks on the three-day violence that left over 50 dead and 200 injured.

The court said in the video footage submitted by the prosecution, it was clear from the conduct of the protesters that the riots were a planned attempt to disrupt normal life and the functioning of the government.

"The systematic disconnection and destruction of the CCTV cameras also confirms the existence of a pre-planned and pre-meditated conspiracy to disturb law and order in the city," said Justice Subramonium Prasad.

"This is also evident from the fact that innumerable rioters ruthlessly descended with sticks, dandas, bats etc. upon a hopelessly outnumbered cohort of police officials."

Justice Prasad made the comments while denying the bail request of an accused, Mohammad Ibrahim, who was arrested in December. Another accused, Mohammad Saleem Khan, was granted bail.

"Individual liberty" cannot be used to threaten the fabric of civilised society, the High Court said, adding that Ibrahim was seen on CCTV clips threatening the crowds with a sword.

Ibrahim has been linked to the killing of Head Constable Ratan Lal on February 24 by a mob of protesters. His lawyer

had argued that Ratan Lal's death was not caused by a sword.

Ibrahim also claimed that he was carrying the sword only to protect himself and his family.

The court rejected his arguments, saying the "clinching evidence that tilts the court towards extending Ibrahim's custody" is the weapon he was carrying, which could have inflicted serious injuries and even killed.

The case involves a mob attack on policemen at Chand Bagh in northeast Delhi at the peak of the riots revolving around protests over a new citizenship law. Ratan Lal, who was a part of the grossly outnumbered contingent of policemen, died of head injuries and another official

was severely injured.

On February 23, 2020, clashes broke out between CAA supporters and anti-CAA protesters in northeast Delhi and continued over the next two days resulting in the death of 53 persons and the injury of more than 200 others. The Delhi police has filed over 111 FIRs, naming 650 people persons as accused including prominent anti-CAA protesters- Sharjeel Imam, Umar Khalid, 'United Against Hate' chief Khalid Saifi, Congress ex-councillor Ishrat Jahan, ex-AAP councillor Tahir Hussain.

Bhabanipur bypoll won't be cancelled

Calcutta HC rules dismissing a plea

NDTV ONLINE

The Bhabanipur bypoll, where West Bengal Chief Minister Mamata Banerjee is Trinamool candidate, won't be cancelled, the Calcutta High Court ruled yesterday, dismissing a plea against the bypoll. The court added that the bypoll will be held as planned own Thursday.

"We record our strong reservation about the conduct of the Chief Secretary in writing a letter to the Election Commission stating that there would be 'constitutional crisis' in case by-election to the Bhabanipur Constituency is not held. He is a public servant...He is not to ensure that any particular person should come in power and in the absence there would be 'constitutional crisis'," the order said.

People camp overnight to receive a dose of coronavirus vaccine at a government run district hospital in Siliguri, India yesterday.

INFILTRATION ATTEMPT

Pak terrorist, 19, captured at J&K

Another killed

NDTV ONLINE

A 19-year-old Lashkar-e-Taiba terrorist from Pakistani Punjab, captured in a massive army operation to stop infiltrations at Jammu and Kashmir's Uri, has made big revelations to the army including details of his terror training in which the Pakistan Army was allegedly involved.

The terrorist surrendered when his associate, trying to cross over with him, was killed by the army. The infiltrators were planning a major strike, the army has said.

Ali Babar Patra, the captured terrorist, had claimed that he had to "drop arms in Baramulla". But the size of the consignment raised suspicion.

Six terrorists tried to cross over, according to the army.

They took the same route as the terrorists who attacked the Uri army base in 2016, killing 19 Indian soldiers. Days later, India launched surgical strikes across the border to target terror launch pads.
