Civil Aviation Authority of Bangladesh (Caab) has received approval from the United Arab Emirates regarding operations of RT-PCR laboratories at Hazrat Shahjalal International Airport for Covid testing of passengers bound for the Gulf country.

In a letter to the Caab chairman, the UAE embassy in Dhaka yesterday said the tests are required to be carried out on the airport premises and within a maximum of six hours from departure.

The decision became effective as of noon yesterday, said the letter, signed by UAE Embassy Charge d'Affaires Abdulla Ali Al Hmoudi.

Confirming the approval, Caab Chairman Air Vice Marshal M Mafidur Rahman said they were expecting to resume passenger flights to the UAE soon.

A flight carrying Bangladeshi expatriate workers was supposed to leave Hazrat Shahjalal International Airport for Dubai in the wee hours today, said Ishraq Shahrir Angel, a health official of HSA, told The Daily Star last night.

The Caab chairman said, "The [UAE's] approval regarding the labs was needed."

During yesterday's hearing, Attorney General AM Amin Uddin requested the HC bench to pardon the two judges (metropolitan magistrates Debbrata Biswas and Atikul Islam) for their mistakes, saying that they are very young (judicial) officers and they have lack of training.

9 YEARS OF RAMU MAYHEM

No closure, no justice

ASHUTOSH SARKAR

Nine years after the mindless communal attacks on the Buddhist community in Ramu upazila of Cox's Bazar, the victims are yet to get justice as no significant progress has been made in the proceedings of cases.

A number of criminal cases filed with the lower court and two writ petitions with the High Court are still pending because the lawyers concerned have not taken extensive initiatives to get the matters settled.

Two Supreme Court lawyers filed writ petitions as public interest litigations after zealots destroyed 12 pagodas and more than 50 houses in Ramu in September 2012. Following the petitions, two investigations were done in line with HC orders.

Although probe reports identified

the attackers and found negligence of local officials in preventing the attack, the HC is yet to make a decision on the matter.

The Covid-19 pandemic caused further delays as regular court functions remained suspended for more than one and half years.

Besides, the HC is yet to hold the final hearing on the writ petitions and deliver a verdict on them due to reconstitution of its bench and apparent lack of willingness of the lawyers concerned in moving the petitions before the court.

Contacted, Attorney General AM Amin Uddin said the petitioners will have to pray to the HC for a quick hearing. Otherwise, disposals of the petitions will take a long time.

Asked whether the attorney general's office will take any steps,

he said, "I have nothing to do at this stage. We will place arguments before the High Court when it will hold a hearing on the matter."

On September 29 and 30, 2012, a group of zealots unleashed violence on the Buddhist community in Ramu after spreading rumour that the Facebook page of a local Buddhist youth, Uttam Barua, was bearing a photo demeaning Islam.

An investigation by The Daily Star later revealed the Facebook page with the anti-Islam picture was photoshopped.

The bigots set fire to Buddhist temples, vandalising and looting more than 50 houses in Ramu. They also attacked Mushurikhola crematorium at Khurushkul village in Cox's Bazar Sadar upazila and tried to attack the
