MOHIB ULLAH MURDER

All to foil Rohingya return

OUR CORRESPONDENT, Cox's Bazar

The plan to kill Rohingya leader Mohib Ullah was made at a meeting on September 27 night at Kutupalong refugee camp in Ukhiya, police officials said.

Four of the suspected assailants joined the meeting at Lombashia Morkoz Hill around 10:00pm and discussed that there was an order from their leaders to kill Muhib, they added.

They discussed that Muhib was becoming too influential as a leader and he must be killed to foil the repatriation process, Naimul Haque, superintendent of police and commander of 14th Armed Police Battalion (APBn), told a press briefing at his office in Ukhiya yesterday.

As per the plan, a member of the group, Murshid Amin, went to Muhib's home in Kutupalong on September 29 night and requested him to come outside to discuss the repatriation process.

Muhib then went to the nearby office of the Arakan Rohingya Society for Peace and Human Rights to talk to the man.

Murshid then informed two other

Tigers set for fresh start against Sri Lanka

Arch-rivals India and Pakistan clash in evening

MAZHAR UDDIN from Sharjah

From a shock defeat to Scotland in the first round to eventually qualifying for the Super 12, Bangladesh have seen both sides of the coin in their short time at the ICC T20 World Cup. Mahmudullah Riyad's troops will now begin their Super 12 journey with a game against Sri Lanka in Group 1 at the Sharjah Cricket Stadium today. The game will begin at 4:00pm Bangladesh standard time.

In the evening, the flagship event will witness an epic Group 2 clash between arch-rivals India and Pakistan at the Dubai International Cricket stadium, the frenzy created by which can be observed on the streets of the UAE.

Although the India captain Virat Kohli and his Pakistani counterpart Babar Azad will be taking it as just another game, emotions related to this historic face-off

always give it a deeper significance. Pakistan have never been able to beat India in the T20 World Cup in five attempts, but considering the form guide, both teams are evenly matched.

Meanwhile, the Bangladesh dressing room has taken on a dense environment following the six-run defeat to Scotland. Intense criticism followed that defeat, with even Bangladesh Cricket Board president Nazmul Hassan remarking about the poor showing from the Tigers.

We have to be SELF-SUFFICIENT

Ramon Magsaysay winner Firdausi Qadri, in interview with The Daily Star, speaks on the need for Covid vaccine production locally

MOUJUD AHMED SUJAN

Bangladesh needs to attain self-sufficiency in vaccine supply as soon as possible to combat Covid-19 and any future public health emergencies, Ramon Magsaysay Award winner scientist Dr Firdausi Qadri has said.

"Today we are talking about Covid-19. Nevertheless, we know many diseases will emerge [in future]. As we are graduating to a middle-income country, we will not get vaccines at a lower price. So we have to be self-sufficient," she said in an interview with

The Daily Star last week. The scientist noted that there has been a lot of progress in the past six months to build necessary infrastructure for vaccine production locally, but the government has a lot to do to promote existing vaccine production infrastructures as well as build new ones.

Dr Firdausi is an emeritus scientist and Head of the Mucosal Immunology and Vaccinology Unit at the International Centre for Diarrhoeal Disease and Research, Bangladesh (icddr,b).
