The dominion of Sahebs

FROM PAGE 3
With the robbers gone, their place has been taken by a group of influential people, widely known as “Sahebs”. Currently, the situation at the island is so grave that no one dares to sell a single fish or fishing boat without the Sahebs’ permission.
When this correspondent visited Dublar Char early this month, locals claimed there are 15 Sahebs in the island, who mainly take permission from the forest department for fishing inside the forest for the season.
After obtaining the permits, they’re handed over to the anglers, but there’s a catch. The permits are given only to those anglers who agree to take a loan from the Sahebs and sell their fish to them.
Contacted, Divisional Forest Officer Mohammad Belayet Hossain said they give out permits this way to ensure discipline in the forest. “This year, Kamal [Kamal Uddin alias Kamal Mama, leader of the Sahebs] and his group got 985 permits from us,” he said. Each permit costs Tk 10,000, said forest department sources.
Talking to this newspaper, Kamal Uddin refuted all allegations, saying he was not involved in any kind of irregularities.
“The anglers can finally move freely inside the forest now that the robbers are gone. And all this has been possible because of my contributions,” he claimed.
The island’s fishing industry has seen a steady increase in revenues. According to forest department data, the government earned Tk 3.22 crore in revenue for the 2020-21 financial year. This was Tk 2.73 crore in 2019-20 and Tk 2.46 crore for the 2018-19 fiscal.
This is a sharp rise when compared to

the stats of prior years. In 2015-16, the revenue was Tk 1.70 crore, while in 2016-17 it was Tk 2.28 crore.
Forest officer Belayet said this is mainly due to the surrender of the robber gangs, which has not only brought peace to the island but also attracted more people to it during fishing season.
The government collects Tk 500 for every quintal of dry shrimp, while for other types of fish, the rate goes up to Tk 2,000 or even Tk 2,500, said Belayet.
Beside this, the forest department also charges Tk 50.52 for living in the island during this five months. However, it is free to build and live in a makeshift house in the island, or use open spaces to dry fish, the officials said.
But even here, the Sahebs barge in. Iqbal Sheikh, who set up a hotel in the island, claimed that they have to pay Tk 3,000 to Tk 4,000 to the Sahebs for each shop set up there, depending on size.
“The Sahebs justify this by claiming they collect the amount to pay to the forest department,” Iqbal told this correspondent.
However, forest officer Belayet said they are not aware of any such exchange.
Over the years, Dublar Char has become a lively little island, especially during the fishing season. For a place so remote, its New Market boasts everything from kitchen items and mobile financial service providers, to electronic stores.
Locals said life has been getting better there after the robbers’ headed out in 2018. But with the Sahebs posing a new kind of menace over the island, it seems like the good life is still a mile away for them, they added.

Why are dengue

Additionally, climate change is disrupting the seasons, further exacerbating the problem. “We are experiencing early and late rain showers due to climate change,” he said.
Entomologist Manzur Chowdhury, former president of Zoological Society of Bangladesh, said Dhaka city corporations have failed to take effective steps to control Aedes mosquitoes.
He also said the number of dengue patients for this year is actually higher than the numbers being reported.
Dr Md Nazmul Islam, director (disease control) of DGHS, said early monsoon and intermittent rain led to the high number of dengue patients this year. But the situation is better compared to 2019, when the number crossed the one lakh mark. He, however, said that the dengue situation is now under control and will improve gradually.
After the dengue virus enters a community, it does not go away completely, as eggs remain viable for a long time, he explained.
Dhaka North City Corporation (DNCC) Chief Health Officer Brig Gen Jobaidur Rahman said they are continuing their drive against Aedes and Culex mosquitoes.
“We’ve tried a lot to make people aware, but we’ve decided to start taking action if they do not clean containers and their premises,” he said.
Dhaka South City Corporation’s spokesperson Md Abu Nasher said they are continuing to spray larvicide and adulticide every day, and are also fogging areas surrounding houses of dengue patients, after getting data from DGHS.
“We will conduct cleaning activities in 12 water bodies of DSCC from December 1, as Culex mosquitoes also proliferate during the dry season,” he said.

worked in Dinaipur from 1990 to 2005, where he got introduced to Zakir. After retirement, he bought a plot of land in Dinaipur and built a house, where Zakir mediated as a broker. Zakir, well aware of Shahid’s background, planned to embezzle the land by faking documents after killing him.
Khandaker Al Moïn said Saiful and Zakir confessed that they were staying at a hotel in Kalyanpur as per the plan. When Shahid came to meet Zakir at the pre-arranged time, Zakir took him to Shyamoli’s Holy Lane alley and signalled Saiful to go for the kill.
Meanwhile, a caller from Dinaipur informed Zakir that Shahid was admitted to Suhrawardy hospital. Zakir changed his bus ticket to 9:30 pm and paid a visit to the hospital to clear his alibi, informed Rab. Later, Zakir and Saiful tried to leave the city through Kalyanpur bus stand, but his shoes gave him away to investigators.
