jabbed -- that makes it 100 percent vaccination," Fakirhat Upazila Parishad Chairman Swapan Kumar Das said.

Swapan credited the success to several campaigns, including mega vaccination drives, special camps for senior citizens, door-to-door campaigns, and the engagement of public leaders at all levels.

"We need 27 crore vaccine doses. The government has bought 21 crore vaccine shots. Also, it has got 10 crore doses as gifts," Lokman said.

"We have started administering booster doses to people over 60 years of age and want to fully vaccinate 100 percent of the target population against Covid-19 by March," Prof Meerjady Sabrina Flora, additional director general of the health directorate, said at the programme.

Bangladesh launched a nationwide vaccination programme on February 7 to immunise 80 percent of the population in three phases.

The country is now administering vaccines developed by five companies -- AstraZeneca, Pfizer-BioNTech, Moderna, Sinopharm, and Sinovac.

It has administered at least 125,630,679 doses of Covid-19 vaccines so far including 43,004 booster shots.

UK honours Prof

FROM PAGE 14

all-of-society approach, Prof Huq has deservedly become one of the most trusted and respected global commentators on the climate crisis. He also symbolises the very strong intellectual and people-to-people links between the UK and Bangladesh."

Prof Huq is the director of the International Centre for Climate Change and Development (ICCCAD) in Dhaka, Bangladesh, and is a professor at the Independent University Bangladesh. He is also chair of the Expert Advisory Group for the Climate Vulnerable Forum (CVF) and Senior Adviser on Locally Led Adaptation with Global Centre on Adaptation (GCA) headquartered in the Netherlands.

Childhood

FROM PAGE 14

insulin or doesn't make enough insulin.

Type 2 is the most prevalent form of diabetes in adults. But due to the dramatic rise in childhood obesity over the past few decades, overweight children and adolescents are at four times greater risk of developing type 2 diabetes than their non-obese peers.

The more fatty tissue children have, especially around the abdomen, their body cells become more resistant to insulin.

Less active children are at greater risk of developing type 2 diabetes.

Consuming sugar is not a direct risk factor for type 2 diabetes, although it can have indirect effects.

There is nothing we can do to prevent type 1 diabetes. We can only help children manage the complications by maintaining blood sugar control as much as possible and teaching them the importance of a healthy diet and regular physical activities.

Though type 2 diabetes is milder than type 1, it can still cause major health complications especially in tiny blood vessels of kidneys, nerves and eyes, and increase the risk of heart disease and stroke.

Can type 2 diabetes among children be prevented? Yes, the key to preventing type 2 diabetes in children and adults is avoiding obesity through serving them healthy balanced diets which include lots of fibre, wholegrain foods, fruits and vegetables, and encouraging physical activities.

Educating parents about diabetes can also contribute to preventing this life-threatening medical condition.

Dr Rukhsana Parvin is an assistant professor at the Department of Paediatrics, Shaheed Suhrawardy Medical College, Dhaka.

Some semblance

FROM PAGE 1

began on November 14, marking the resumption of public tests. The HSC and equivalent exams began on December 2.

The universities reopened campuses in late September after inoculation of students began across the country.

The university entrance exams, which also remained suspended, began in late September. For the first time, Dhaka University held admission tests in all divisional cities.

20 public universities had the exams in clusters.

The government introduced a digital lottery system to enroll students from class-I to -IX.

In September, the government put forth a fresh curriculum for primary and secondary levels, scrapping all exams until the third grade and all public exams before the SSC. The plan is set to be implemented in phases from January 2023, and will be fully implemented by 2025.

WAY FORWARD

To bridge the gap created by the pandemic, Rasheda K Choudhury said the government needs reliable data.

"There should be an education census based on household data. Once we get the picture, we can plan on how to mitigate the challenges."

Looking back

FROM PAGE 3

The tribunal on August 31 sentenced six members of Ansar al-Islam to death for killing LGBT rights activists Xulhaz and Tonoy.

On April 25, 2016, Xulhaz was hacked to death in his home at Dhaka's Kalabagan along with his friend Tonoy.

Two of the convicts -- Maj (sacked) Zia and Akram Hossain -- are on the run.

On December 8, Speedy Trial Tribunal-1 sentenced 20 students of Buet to death and five to life imprisonment for killing their fellow student Abrar Fahad.

In the early hours of October 7, 2019, Fahad, a second-year student of electrical and electronics engineering department at Buet, died after he was brutally beaten by some BCL men at the university's Sher-e-Bangla Hall.

On March 23, the same tribunal sentenced 14 militants to death and ordered that they be "publicly executed by the firing squad" for attempting to kill Prime Minister Sheikh Hasina.

A sedition case was filed against them for trying to kill Sheikh Hasina by planting a 76 kg bomb in Kotalipara of Gopalganj in July 2000.

On November 9, former chief justice SK Sinha was sentenced to 11 years' imprisonment in graft case.

On December 2, the Second Additional District and Sessions Judge's Court sentenced 13 people to death and 19 to life imprisonment for killing six students in Aminbazar more than 10 years ago.

It's a floral affair

FROM PAGE 3

years but is coming back as business picks up for 2022.

They said they've started to sell their collection of roses, marigold, gladiolus, calendula, orchid and more since early morning, both in retail figures and in bulk.

Shefali Phul Ghar, Anika Pushpa Bitan and Eco Flower Shop stand side-by-side at Shahbagh's flower hub. They're usually pretty popular even on regular days, and ahead of the New Year, customers are coming here all day.

Crowds were noticed in front of Shapla Pushpa Kendro, Phul Bahar Pushpa Kendro, Phultala Flower House, Phultala Flower Shop, Nilkantha and more.

According to Shahbagh Bottala Small Flower Traders Association, from Shahbagh Mor to Shishu Park Gate and Shahbagh Police Station gate, there are around 51 flower shops.

Its president Abul Kalam Azad told this newspaper, business is always good from December to April. For the rest of the year, sales come from Wednesdays, Thursdays, and Fridays, as these days see the most number of wedding and other ceremonies.

He suggested that our readers buy a bouquet for their loved ones to mark this step into the New Year, and say Happy New Year!

A better world starts here

The ILO Dhaka invites applications from qualified Bangladeshi nationals for the following ILO-IFC Better Work Bangladesh Programme positions:

1. **Vacancy No.** : **DC/Dhaka/NO-A/2021/11**
   Position : Communications Officer
   No. of Post : 1 (one)
   Grade : NO-A
   Contract Type : Fixed Term
   Duration : 1 year (with possibility of extension)
