

SHADES OF A WOMAN

She is mysterious

*Each woman, a treasure trove of her own,
beautiful, enchanting and mysterious.
That's what I learnt while growing up.
Then I met all the women in my life,
and I realised how true was the saying.
Because in each woman I met with depth,
as deep as the ocean,
and as rare as the Painite.
Once, slightly sad and broken
the next second a whirlwind of joy,
amusement and laughter.*
