

# SHADES OF A WOMAN She is mysterious

*Each woman, a treasure trove of her own,  
beautiful, enchanting and mysterious.  
That's what I learnt while growing up.  
Then I met all the women in my life,  
and I realised how true was the saying.  
Because in each woman I met with depth,  
as deep as the ocean,  
and as rare as the Painite.  
Once, slightly sad and broken  
the next second a whirlwind of joy,  
amusement and laughter.*
