

Despite the fact that DSCC authorities had demolished an illegally constructed concrete bridge over this sewage canal just last year, locals have again constructed a makeshift bamboo bridge to get across, defying the rules. The construction obstructs the passage of water in the canal. This photo was taken recently from Sabujbagh.

INTERNATIONAL DAY AGAINST DRUG ABUSE, ILLICIT TRAFFICKING

Danger of drugs ever-present

MOHAMMAD JAMIL KHAN

Despite tough vigilance and special drives by law enforcers, narcotics, especially yaba, smuggling increased in 2021, when compared with the previous year.

According to the annual report of the Department of Narcotics Control (DNC), the amount of yaba seized, which is smuggled into the country from Myanmar, increased by 45.88 percent in 2021, when compared with data of the previous year.

A similar scenario has been witnessed in regards to heroin and cannabis, which mainly enter from India. The amount of heroin seized by law enforcers increased by 109.67 percent in the same timeline, the report reads.

Adoption of new techniques by smugglers, use of the dark web, and absence of enforcement agencies' access to technology and accountability are blamed as reasons behind the increase, they said. DNC will launch the report today marking "International Day Against Drug Abuse and Illicit Trafficking".

The agency has taken a series of programmes, including a rally and discussion, to observe the day.

Emdadul, who has conducted his PhD on narcotics, said the scenario may not improve until accountability is ensured among enforcement agencies.

"War against narcotics requires combined efforts, and enforcement agencies have to play a major role here by performing their duty with utmost integrity," he added.

However, Md Azizul Islam, director general (additional charge) of DNC,
