party that signed the CHT Peace Accord in 1997 for not showing due respect to the treaty subsequently despite being in power for long. At the rally, Rashed Khan Menon, president of Workers Party, said they faced many setbacks like the recent circular prohibiting the use of the word “indigenous”.

He mentioned that there was a time when an embargo was imposed on celebrating the birth

centenary of Rabindranath Tagore.

“We stood against this embargo with the masses by our side, including the indigenous people of the country. Together, we came out victorious,” said Menon.

“But today there is an effort to drive the indigenous people out of the country. We have raised our voices in and outside of the parliament against such moves,” he added.

Shaheen Anam,

executive director of MJF, said, “The fundamental rights of indigenous people are being violated. We have a responsibility to ensure their rights. How many of us speak out for our rights? In our educational curriculum, there is no chapter that orients students to cherish diversity for an inclusive society.”

“What has been done in reality for protecting the diversity of our country?” she asked.

Kamrangirchar Police Station, produced them with a five-day remand prayer, said court sources.

In the remand prayer, the IO said the four and their associates attacked journalists with an intention to kill them on Tuesday, when the news-people went to the centre to collect information about irregularities and corruption of physicians.

The defence, however, submitted a petition, seeking bail along with cancellation of the remand prayer, saying their clients

were not involved in the incident.

Upon hearing both sides, the magistrate turned down the defence’s pleas.

According to the case statements, Independent Television senior reporter Meshbahul Islam alias Hasan Meshbah and cameraperson Sajju Miah went to the centre around 3:00pm to collect information about Dr Osmani and another physician.

On hearing the allegations brought against them, Dr Osmani and the

other accused attacked them, vandalised their car, damaged video footage and snatched away their valuables. The attack left the journalists seriously injured.

After hearing the news, sub-inspector Milon Hussain along with his force went there and assaulted the journalists, instead of rescuing them, the statement read.

SI Milon has been suspended.

Police then arrested four accused from the spot on charge of injuring the journalists.

BPC will get a profit of Tk 46 per litre of octane and Tk 42 per litre of petrol. Diesel will break even (no profit, no loss) after the latest hike, he said.

Talking about misuse of Gas Development Fund, Consumers Association of Bangladesh President Dr Ghulam Rahman said the money deposited by consumers in the fund was supposed to be used for exploring gas fields, but the fund was used for other

purposes.

Prof Riazul Haque said production cost of essentials will increase due to the hike of fuel.

Suggesting increasing exports of the country, Prof Rumana Haque said the government will have to take initiative to diversify the export sector to survive the current situation. She recommended completing mega projects as early as possible and revisiting the necessity of projects that have not started yet.

UDJFB President Amitosh Paul chaired the dialogue, moderated by its general secretary Shohel Mamun.
