and Asian Federation of Korean Business

National Foundation Day, or as we call it “Gaecheonjeol”, literally means “the day the heavens opened.” Not only do we, Koreans observe it as a traditional holiday, but also give thanks to the skies for the legendary founding of the Korean nation and culture. It is my honor to have you join me on this glorious day.

In 2023, Korea and Bangladesh will be commemorating 50 years of friendship. On top of cordial relations, both countries have enjoyed a steady growth in trade, in large part thanks to the staggering development of our Bangladeshi partners over the years. I wish that your relationship with Korea and us Koreans has even marginally helped in your impressive journey.

Just 60 years ago, Korea was a nation dependent on foreign aid. Even now, we Koreans still thank countless nations around the globe for their support and are hoping to return the favor by helping the development of other nations. Our vision is to play a major role in the economic prosperity of the world, and we solemnly hope that Bangladesh can become a leading competitor on the global stage.

Fueled by booming trade, I hope Bangladesh and Korea join hands for future successes. Just as how Korea transformed into an economic powerhouse in a short time, I firmly believe that Bangladesh is on the same course. With greater, newer investments, there is no doubt our camaraderie will be of utmost quality and trust.

Here's to our future of “win – win”.

Thank you.

CONGRATULATORY MESSAGE OF

YONG-O, RYU

Yong-O Ryu

Chairman,
Korean Community in Bangladesh

I wish to extend my warmest congratulations to our country, the Republic of Korea, on the occasion of the National Foundation Day, Gaecheonjeol.

Today, all Koreans celebrate the founding of the ancient state of Go Joscon by Dangun WangGeom almost 4,355 years ago, when Hwan Ung descended from heaven to live with human beings. While this day has been a national holiday since 1909, its origin before the Common Era makes Korea one of the most venerable civilizations still existing in the world today. I am, as a Korean, very proud that a nation with such a long history could renew and rejuvenate itself into a modern and active country.

I am delighted to note that constructive bilateral relations between the People's Republic of Bangladesh and the Republic of Korea are based on mutual respect and trust. Especially, year 2023 is very meaningful as it marks the 50th anniversary of the establishment of diplomatic ties between the two countries. We, the Korean Community in Bangladesh, are preparing many events for commemorating the 50th anniversary with the Embassy of Korea to Bangladesh in early next year including The Korean Golf Tournament, K-Pop Contest, Showcase Korea, Traditional culture experience event, and so on. We look forward to all readers' interest and participation.

We, the Korean Community in Bangladesh have been and will continue to strive for everlasting friendship and continuous development between Korea and Bangladesh. We ask for your continued interest and support for our community. We wish our readers the best of health and happiness at all times, and once again congratulate on the 4,355th anniversary of our National Foundation Day with all Koreans in Bangladesh.

Sincerely Yours,

Yong-O Ryu
Chairman, Korean Community in Bangladesh
