

MA Samad's death anniv

STAR REPORT

Today is the 17th death anniversary of MA Samad, founder of Bangladesh General Insurance Company Ltd (BGIC), said a press release.

After his retirement as managing director of Jiban Bima Corporation, he established BGIC.

Moreover, he was the founder director of Bangladesh Insurance Academy and former chairman of Bangladesh Insurance Association.

Samad wrote two books in Bangla – one on life insurance and another on general insurance. He also wrote two textbooks in English on life insurance.

He was an enlisted international expert in the technical assistance programme on trade and development of the United Nations. Samad visited most of the insurance training institutions in the UK and USA under UNDP fellowship programme.

The ghost of a recreation centre

Ex-railway worker Abdur Rahman said during his young age, he saw that the auditorium became crowded every afternoon and remained so till 11:00pm.

Elderly workers can still remember that there was also arrangement for indoor games like carom, table tennis, chess etc, and outdoor games like volleyball, badminton and football.

The field was so huge that Eid congregations were held there regularly.

Visiting the site recently, this correspondent found

that the doors, windows and musical instruments inside the once buzzing recreational centre were damaged. Besides, the equipment for games were missing, tall grass and weeds grew on the outdoor field. A good portion of the area was also grabbed in the absence of a boundary wall.

All in all, nobody will believe at first sight that this was a recreational centre once.

Rubayat Rahman, secretary of Saidpur rail workshop workers' union, said the place's downfall started when many workers of the workshop were forced

to retire in 1991-1992, by the then government.

"The negligence towards the auditorium started then. The remaining 2,400 workers didn't have enough free time to begin with, as new workers were not hired after the massive firing spree."

"The equipment gradually became dysfunction and the authorities didn't show any interest to get new ones," he said.

Habibur Rahman, president of the centre's management committee, said, "The new batch of workers are more interested in virtual entertainment than using such centres."

Contacted, Shadikur Rahman, divisional superintendent of Saidpur rail workshop, said, "We've realised the importance of such recreational places for our workers. The auditorium will be renovated soon."

He said AL is in favour of the use of EVMs in polls as there is no risk of fraud.
