

Premium TVs under 70k

OUR PICKS

ITMAM BASHAR

When it comes to premium technology, durability and affordability often don't go hand in hand. But when it comes to television, it changes the entire game, especially when the FIFA World Cup 2022 is at your doorstep. To ease your troubles, here's a list of TVs under Tk. 70,000/- that won't just enhance your overall experience of the matches but will offer a lot more. Please keep in mind that prices and availability may vary across stores.

Samsung Q65A 43" QLED UHD 4K HDR Smart Television

Samsung TVs are generally known for being very versatile and can provide reasonable to excellent picture quality. In this budget of premium TVs, the Samsung 43-inch Q65A is a fantastic choice featuring Quantum 4K Tizen OS, Dual LED backlights, a 3-Sided boundless design screen and QLED to deliver 100% colour volume. The smart TV even comes

with multiple voice assistants such as Alexa, Bixby and Google for an optimal entertainment experience. It has a Quantum HDR powered by HDR10+, providing incredibly detailed pictures.
