

The Blouse House:

A place for premium, tailored blouses in Dhaka

Ladies in Dhaka have always felt the need for a premium, tailoring place for blouses but never seemed to have gotten anything close to their taste. The Blouse House is the creative result of co-founders, Tasnuva Ahmed and Mukul Alam, aiming to solve just that.

Tasnuva Ahmed said, "We saw our mums going to the male tailors and so did we, especially in a very uncomfortable environment. There were hardly any fitting rooms in these places, and even if we were lucky to get female employees to take our measurements, the quality of the product was never up to our standards."
