

THE AGA KHAN ACADEMY DHAKA

Ra - 65/1, Kuratoli, Dhaka 1229, Bangladesh

Our campus offers state-of-the-art facilities for our students and staff. We provide an exceptional learning environment that includes subject and age-specific classrooms, outdoor sporting facilities, fully-equipped science and technology laboratories, and many more.

Across our 17-acre, state-of-the-art, award-winning campus, exceptional students from all backgrounds across Dhaka and around the world are provided with an education of the highest international standard to prepare them for leadership, service and lifelong learning, all of which are needed to succeed in a globally competitive world.

We believe in making learning a rewarding experience

The Academy's curriculum is based on the world-renowned International Baccalaureate (IB), offering our students the Primary Years Programme (KG1-Grade 5), the Middle Years Programme (Grades 6-10) and the Diploma Programme (Grades 11-12). Our local and international staff are passionately committed to ensuring the holistic development of our students.

Why choose the IB Diploma Programme?

The IB Diploma Programme (DP) prepares students aged 16-19 for success at university and life beyond by addressing the intellectual, social, emotional and physical well-being of students. The DP equips students with the knowledge and skills to effectively participate in a rapidly evolving and increasingly global society, ensuring they become ethical and pluralistic leaders of tomorrow. The programme has gained recognition and respect from prestigious universities across Bangladesh and the world.

Admissions are open now for 2023-2024 session

The Academy is welcoming admissions applications for a limited number of spots for the 2023-2024 academic year. The deadline for enrolment is 7 December 2022.
