EDITOR'S NOTE

"A Better Tomorrow™: CSR Awards" was launched by The Daily Star in association with CSR Window in 2021 with the aim to recognise corporations for their innovative and outstanding corporate social responsibility (CSR) projects. The initiative garnered tremendous response and the award programme has now evolved into a platform for CSR initiatives to collaborate among themselves and tie up

with local organisations to deliver the impacts of CSR interventions to the grass-roots level. This year, we have also involved young entrepreneurs in our nationwide CSR dialogues to make the platform more vigorous, innovative, and sustainable. We hope that more and more corporate houses establish their own CSR projects and divert more of their resources to fulfil

their CSR commitments. We want to see companies that are driving the growth of our economy integrate social and environmental concerns into their business operations.

We are celebrating A Better Tomorrow CSR Awards for the second time to recognise the significant contributions of our corporate sector in the area of CSR. Today, we are publishing the logos of the leading organisations (in alphabetical order) that participated in A Better Tomorrow CSR Awards 2022 programme. Regardless of the companies that will win, we believe our private sector is setting praiseworthy examples of fulfilling corporate social responsibility. We congratulate them all.

THANK YOU FOR PARTICIPATING
