

Can Horibol pursue his dreams?

Defying odds, visually impaired boy gets GPA 5

MINTU DESHWARA, Moulvibazar

"I didn't think I could come this far," said a beaming Horibol Bonarjee, a student of Moulvibazar Government High School, who passed this year's Secondary School Certificate (SSC) exams.

Blind from birth, life has not been easy for the 17-year-old.

Belonging to a family of poor tea workers, he faced many obstacles from the beginning. But neither blindness nor other hardships he faced in life could stop him from achieving his goal.

Defying all odds, he scored GPA 5, touching the hearts of everyone in his locality as well as those who heard his story.

Horibol's house is in Hooghlichhara Tea Estate of Moulvibazar's Sreemangal upazila. His Father Anil Bonarjee and mother Vishakha Bonarjee both are workers in the tea garden.

Horibol started his education at a local school run by Brac. After passing fifth grade, he went to Moulvibazar Government High School. Since then, he has been staying at Visually Impaired Hostel in Moulvibazar Sadar next to the school.

Expressing his delight, Faruq Ahmad, headteacher of the school, said the result showed that Horibol's hard work paid off.

"We wish him success. Hope, he will be successful in his life," he added.

Admitting he wasn't expecting such a result, Horibol said his determination pushed him this far.

"I was always motivated for studies. And my interest in studies increased when I passed the PECE exam. I achieved a GPA of 4.83 in that exam, which helped me get admission to Moulvibazar Government High School," he said from his hostel.

"I have come a long way. Now, I want to become a social worker and teacher," said Horibol, who had to rely on a class VIII student for writing his exam papers.

Despite his success at the SSC exam, the future isn't all bright for Horibol.

Zilla parishad chairman running brick factory beside a forest

The newly-elected Chattogram zilla parishad chairman has set up a brick-making factory right beside a protected forest in the district's Fatikhkhari upazila. The factory is operating without any clearance from the Department of Environment (DoE).

Chairman ATM Pearul Islam, also vice president of Awami League's Chattogram north district unit, started building the factory in the upazila's Shubonchari area in 2013. The establishment started operation in 2019.

According to the Brick

Manufacturing and Brick Kiln Establishment (Control) (Amendment) Act 2019, brick-making factories cannot be within 2km of any forest, and such establishments cannot operate without obtaining licences and environment clearance certificates from the DoE. Before this act was passed, the restriction was within 1km.

But this correspondent recently visited the area and saw the brick factory within about 200 metres of the protected forest and the surrounding hills.

Locals, seeking anonymity, said hills were chopped to establish

the factory. The establishment has been polluting the neighbourhood by burning coal.

This correspondent also found that a hill near the factory is being cut, and the soil is being used to make bricks.

Mofidul Alam, director of the DoE's Chattogram region, told The Daily Star that earlier, the factory obtained environmental clearance through fraudulent means. "DoE revoked that clearance, issued in 2017. The factory has been operating without clearance for years, which is completely illegal."

He claimed that according to

'Implement CHT peace accord, ensure stability'

Eminent citizens urge govt

STAFF CORRESPONDENT

On the eve of the 25th anniversary of the Chittagong Hill Tracts Accord, forty-one eminent citizens of the country yesterday called upon the government to fully implement the accord and ensure peace and stability in the region.

The accord, also known as the CHT peace accord, was signed on December 2, 1997, between the government and regional political party Parbatya Chattagram Jana Samhati Samiti -- which brought an end to an armed conflict.

In a statement, they called upon the government to show its visible commitment and support for the

effective functioning of the CHT Land Commission, which was formed under the accord.

They also stressed the allocation of the required budget and recruitment of the workforce to the commission.

Although the CHT Land Dispute Resolution Commission Act was formulated in 2001 in line with the accord, the commission is yet to start its activities properly due to the absence of rules, the eminent citizens said.

"We are deeply worried as the CHT Land Commission has been kept nonfunctional," reads the statement.

The eminent citizens urged the government to nationally address any

Stop the harassment Hijra community urges CEC

STAFF CORRESPONDENT

Members of the Hijra community yesterday demanded an end to the harassment they face while correcting information on their NID cards.

Leaders of Shustha Jibon -- an organisation of the Hijra community -- who were holding a meeting with Chief Election Commissioner Kazi Habibul Awal, said they want three reserved seats for their community at the parliament.

Shustha Jibon Chair Parbati Ahmed said many of them have NID cards with a male identity.

"If members of the community show the card anywhere, the authorities do not accept it as we look different. We have been a victim of discrimination," said Parbati.
