

PARADISE THAT IS
ST MARTIN'S ISLAND

Cox's Bazar and St Martin's Island, two of the most visited places in the country, have been busier than ever recently. The end of the school year means that families can finally take that long-awaited vacation and the timing could not be better. At this time of year, St Martin's Island becomes one of the most beautiful and pleasant places to visit. Tourists visiting the island can be seen enjoying their vacation by swimming in the ocean and cooking barbecue on the beach. The photos were all taken from St Martin's Island.
