

LEO

JULY 23 - AUGUST 22

This might just be the year you were hoping for. Expect to be extra lucky in the romance and career departments. However, this should also be the year that you let go of your self-criticism, because this judgemental nature may be what's actually stopping you from getting your happily ever after. If you cannot accept yourself, you will struggle to accept another.

Focus on healing yourself, so you can have healthier relationships with others. This means accepting, and letting go of your past.

The second quarter of this year will be a crucial time for you, regarding your relationships, career and financial situation. If possible, try to postpone any decisions that can have significant outcomes. There

is a potential risk of incurring unforeseen financial loss, emotional stress, or physical harm, so stay alert. Also, avoid getting involved in anything serious in the third quarter or something might go wrong.

Near the end of the year is when you will be faced with situations that will help shape the coming years for you.

Expect great success in romantic relationships this year. You might also may have the opportunity to travel abroad, and learn new things.

This year may allow you to reach new heights in your career, especially the first few months. Your hard work from previous years will pay off, and you can continue on that effort to see great results. By the third quarter, you can expect outstanding job advancements.

SAGITTARIUS

NOVEMBER 22 - DECEMBER 20

This year may not be the easiest year for you. You may find that you're feeling particularly restless and anxious, and you may have a hard time focusing on your goals and responsibilities. You may find yourself feeling frustrated or unfulfilled in your personal life, and you may struggle to find meaning and purpose in your daily activities.

You may also find that you're more prone to making impulsive or reckless decisions this year. It's important to try to stay grounded and think things

through before acting, as this could help you avoid making mistakes or regretful decisions. 2023 may be a challenging year for you, but it's important to remember that these struggles are temporary. It's okay to have setbacks and to feel down from time to time, but try to stay positive and remember that things will get better. Make an effort to take care of yourself and seek support from friends and loved ones when you need it. With hard work and determination, you can overcome any obstacle that comes your way.

CAPRICORN

DECEMBER 21 - JANUARY 19

This year may bring you moments that you can take advantage of with the lessons that you've learned. Previous years had you focused on your self-awareness, and this year, all of that hard work will pay off. That means you will finally have the option for fulfilling romantic prospects, as well as amazing job opportunities waiting for you. You will finally understand that the people, opportunities, and things that you bring into your life can be the best, and that you don't have to just settle. 2023 may be a significant year for romantic relationships for you. You may find that you're particularly focused on your romantic relationships at the start of the year, and you're ready to put in the work to make them thrive. This is a great

time to communicate openly and honestly with your partner, and to make an effort to build a strong foundation for your relationship. There could be some trouble in the third quarter of the year, but if you and your partner put in the effort, issues will be resolved in no time. If you're single, you may find that you're more open to dating and meeting new people this year. Take career matters cautiously this year. You may suffer from a lot of self-doubt regarding your abilities at work, and that will hinder your performance. If you feel that you are not appreciated at your current work, maybe this is the year to switch jobs. If things seem stable financially, make plans to travel, preferably with the entire family, as this will help strengthen the ties that you share.

AQUARIUS

JANUARY 20 - FEBRUARY 18

This year may very well be marked with milestones that could change your life forever. Make every effort to deepen your bonds and make memories that will last a lifetime. Don't be too engrossed in work that you forget to stop and appreciate the rest of the world. On the subject of work, maybe it's time for you to re-evaluate your career choice. This might lead to find the happiness that you once thought impossible. If you have been on the fence about making life-changing decisions, then this is the year when you throw caution to the wind and finally go for it. Start the year by swearing off unnecessary luxuries and you might just improve on your financial situation as well. Also, cutting out selfish individuals, clutter, over-analysing, and people-pleasing will leave you with a happier state of being.

If you are starting a new romantic relationship this year, you will experience great compatibility with your partner, but this relationship may come to an early end by the third quarter. If you are already in a relationship though, things will be nice and gradually, your relationship will be filled with love. If you had a rough patch, the situation will get better by the second quarter, and you will get incredibly close to each other. If things feel right, you may even go for marriage in the last months of the year. This could be a turbulent year when it comes to work related matters. Circumstances may arise that you had not prepared for earlier. People you work with may not have your best interests at heart. If you feel cornered, you can try to change jobs by the second quarter. However, things will start to slowly fall back into place by the fourth quarter.

PISCES

FEBRUARY 19 - MARCH 20

This year is all about self-awareness and accountability. You will need to rely on your inner strength more than you ever had to make a real difference and win over others. You should also get rid of some of your old habits to really take advantage of the new and improved you. What this entails for you differ; it could be excusing yourself from your current associates or by spending your time with new projects or job opportunities. If you had been feeling out of balance recently, you can expect to be back at your prime by the second quarter of this year. Instead of fighting an uphill battle, maybe it's time to go with the flow and see where it takes

you. When you really accept yourself as who you are, all the right people will gather by you. In terms of relationships, the distance between you and your partner can increase if you two haven't been spending enough time understanding each other's needs and wants. Be careful as to not create a situation where your relationship collapses due to unnecessary fights. If you can make it past this phase, it will make your relationship much stronger. Try to maintain honesty in the relationship this year and you will be successful in tackling any challenges that finds it way between you two. If you wish to marry, the best time will probably be between the second and third quarter.
