

The plane that brought Bangabandhu home

Talks on to set up exhibition centre for the aircraft, which is now in Germany

DIPAN NANDY

It had been months since Bangabandhu last felt the breeze outside his jail cell in West Pakistan. Since the start of the Liberation War, he kept languishing there, while his people fought tooth and nail to fulfil the dream of an independent Bangladesh.

Then on December 16, 1971, freedom was announced. East Pakistan became Bangladesh, Pakistani authorities finally released Bangabandhu from solitary confinement, and later on, a plane was arranged to take him home to his motherland.

The very plane that bears memories of the extraordinary event later found a home at an aircraft museum in Germany. How the aircraft, which used to serve the UK's prime minister, ended up carrying Bangabandhu and then landed at the museum is a story worth telling.

Currently, some Bangladeshis are working with authorities of the museum in Hermeskeil to prepare an exhibition centre for showcasing the historic Comet jet (DH106 Comet 4C), which belonged to the British Royal Air Force (RAF), at the

PHOTO: COURTESY OF TARIK SUJAT

This is the plane that brought the Father of the Nation back from London to his freed motherland on January 10, 1972. According to eminent jurist and politician Dr Kamal Hossain, the aircraft left the UK at 7:00am on January 9, and after a transit in Delhi, landed in Dhaka around 1:44pm, while a rapturous welcome awaited Bangabandhu.

establishment.

"We are in talks regarding the exhibition centre... When they [museum authorities] got to know that this plane carried Bangabandhu home, they felt delighted to have it at the museum," said Tarik Sujat, who wrote the book "Bangabandhu Swadesh Pattayabartan Comet Biman o British Gopon Dalil", published in 2022.

In 2021, the museum authorities sent a letter to Prime Minister Sheikh Hasina, also

eldest daughter of Bangabandhu, through Tarik, confirming that the plane is with them.

Tarik said the PM was happy and assured that if they set up an exhibition centre, Jatir Janak Bangabandhu Sheikh Mujibur Rahman Memorial Trust will provide all necessary support.

Related documents, pictures, telegrams exchanged between authorities regarding the journey, and writings centring the

historical significance of Bangabandhu's homecoming will be provided for the exhibition, said Tarik.

The plane brought the Father of the Nation back from London to his freed motherland on January 10, 1972. Earlier, he was flown to London from Pakistan.

HOW THE PLANE LANDED AT THE MUSEUM

RAF sold the jet to DAN-AIR Service, a British private airline in 1975. The new

owner changed the livery (the special design and colour scheme). Air Classik then bought it in 1981. Both the airlines merged with British Airways in 1992.

Leo Junior, founder of the museum -- Flugausstellung L-P Junior -- bought the plane at auction in 1996, and since then, the aircraft has been there.

Tarik saw the plane during a visit in October 2021 and found that the livery used by DAN-AIR was still fine. The cockpit was

'Faraaz', a film based on Dhaka café attack, to release Feb 3

STAR REPORT

Indian film "Faraaz" -- based on one of the most gruesome events in Bangladesh's history, the Holy Artisan café attack in 2016 -- is set to be released in cinema halls on February 3, as announced by the makers.

It is heavily implied that the title of the film, directed by Hansal Mehta, is based on Faraaz Ayaaz Hossain, who showed exceptional bravery and stood up for his friends during the event, going on to be martyred in the brutality.

"Faraaz" film has already had its world premiere at the BFI London Film Festival in October 2022.

The film, which created quite a bit of dialogue amongst fans and critics when it was announced, is being produced by Anubhav Sinha and T-Series head Bhushan Kumar. It will star, amongst others, Aamir Ali; Juhi Babbar; Zahan Kapoor, grandson of cinema legend Shashi Kapoor; and Aditya Rawal, son of actors Paresh Rawal and Swaroop Rawal.

The director described the movie as a "story of our polarised times". He said that he has tried to explore the "broader theme

Trial against GK Shamim, his mother begins

COURT CORRESPONDENT

Trial against GK Shamim, an expelled Jubo League leader, and his mother Ayesha Akhter in a case filed over amassing illegal wealth worth Tk 297 crore, began at a Dhaka court yesterday with deposition of the complainant.

Judge Shaikh Nazmul Alam of the Special Judge's Court-4 of Dhaka recorded statement of Deputy Director of ACC Md Salahuddin.

During the hearing, GK Shamim was present in the court while his mother went into hiding after getting bail from the High Court.

The judge then fixed February 12 for cross-examination of the complainant on behalf of the accused in the case.

The ACC filed the case against GK Shamim, a top government-listed contractor, and his mother on October 21, 2019 for accumulating illegal wealth worth Tk 297 crore.

But the investigation agency found involvement of accruing illegal wealth of Tk 300 crore, according to the charge sheet.

Govt overcame many hurdles for metro rail: PM

Urges commuters to follow guidelines

UNB, Dhaka

Prime Minister Sheikh Hasina yesterday said her government overcame several challenges to implement the metro rail and different development projects in the country.

"There had been challenges when we went for any work, but we completed all those projects overcoming all hurdles," the PM said in introductory speech in the weekly cabinet meeting held at the Prime Minister's Office.

Talking about the metro-rail project, she said in the initial feasibility study, the metro rail route was designed to go through Bijoy Sarani. "In that case, we would have to close down our Tejgaon airport, which has a 9,000-foot runway. I was dead against that proposal."

Hasina mentioned that during the 1998 floods, all the relief goods were transported through this airport as Kurmitola airport became inundated.

She told the meeting that if the old design was implemented, then the government would have to demolish 22 buildings. "I proposed the new route using the Khamarbari area."

The PM also mentioned that she extended the metro rail route up to Kamalapur station. "At that time, demolishing Kamalapur station for the metro rail was proposed, to make space for turning and landing."

The PM told officials concerned that it would not have been wise to demolish such a big station and construct another.

Hasina said she asked them how they could make space for the metro rail while keeping the Kamalapur station intact. "If necessary, the metro rail will go over the station

'This just shows how judiciary is compromised'

Pro-BNP lawyers criticise court order to seize Tarique, Zubaida's assets

STAFF CORRESPONDENT

Bangladesh Jatiotabadi Ainjibi Forum (BJAF), a body of pro-BNP lawyers, yesterday criticised a Dhaka court order that on January 5 asked police to confiscate movable and immovable assets of BNP acting chairman Tarique Rahman and his wife Zubaida Rahman in connection with a corruption case.

In a written statement, BJAF said the court order was just another step to substantiate the USAID report "Final Report Assessment of Rule of Law and Justice Sector in Bangladesh", published on March 12, 2022.

A BJAF statement mentioned that the USAID report had stated, "... The unrealised reforms on clear delineations of powers initiated in 2007, executive control and domination over the judiciary and increased politicisation of judicial appointments in the High

'Road crashes have actually gone down'

Claims top transport leader; e-tickets for 711 more buses start today

STAFF CORRESPONDENT

While three organisations working on road-safety issues said road crashes are on the rise, Khondaker Enayet Ullah, general secretary of Dhaka Road Transport Owners' Association (DRTOA), yesterday claimed that the number is going down.

He, however, admitted that deaths in road crashes have increased.

Enayet made the claim at a press conference arranged to inform that 711 more buses under 15 companies based in the capital's Mohammadpur, Azimpur, and Gabtoli will be brought under e-ticketing system from today.

The conference was held at DRTOA office in the capital's Paribagh.

Three organisations -- Bangladesh Jatri Kalyan Samity, Road Safety Foundation, and Nirapad Sarak Chai -- recently published their annual road-crash reports, which said that both crashes and deaths have increased last year when compared with previous years.

According to Jatri Kalyan Samity, 9,951 people were killed in 6,749 road crashes last year. The numbers of crashes and deaths are the highest since 2015; they are 19.89 and 27.43 percent, respectively, higher than those in 2021.

Road Safety Foundation said 7,713 people were killed in 6,829 crashes last year, 27.14 and

New law to appoint judges soon

Law minister tells JS

STAFF CORRESPONDENT

Law Minister Anisul Huq yesterday told parliament that the work on enacting a law for appointment of High Court judges is ongoing.

"It will be possible to place the bill in parliament within a few days," the law minister said this while replying to opposition Jatiya Party and Gonoforum MPs remarks.

Gonoforum MP Mokabbir Khan said
