Trinamool BNP established by former BNP leader Nazmul Huda got registered with the Election Commission as a political party following a court order.

EC Joint Secretary Abdul Baten said they issued a circular in this regard yesterday. "In line with a court order, we announced that the party is registered."

The EC said electoral symbol of the party will be "golden fibre".

Huda, also former communications minister, founded the Trinamool BNP and sought its registration in December 2017.

But the EC did not register it as its

application was filed after a deadline, EC officials said. The party leaders then filed a writ with the High Court challenging the EC's decision. In November 2018, the HC, in a

Teenager pulled from rubble

Anger as hopes fade of finding more survivors; death toll passes 41,500

REUTERS, Kahramanmaras/Antakya

A teenage girl was pulled alive from the rubble in Turkey yesterday more than 10 days after a devastating earthquake hit the region, but such rescues have become increasingly rare, leaving sorrow and anger to mount as hope dies.

The 17-year-old was extracted from the ruins of a collapsed apartment Turkey's southeastern Kahramanmaras province, broadcaster TRT Haber reported, 248 hours since the 7.8 magnitude earthquake struck in the dead of night on February 6.

Footage showed her being carried on a stretcher to an ambulance covered with a gold-coloured thermal blanket.

The quake killed at least 36,187 in southern Turkey, while authorities in neighbouring Syria have reported 5,800 deaths - a figure that has changed little

While several people were found alive in Turkey on Wednesday, the number of rescues has dwindled significantly. around 100 people gathered at a small cemetery in the town of Pazarcik, to

Neither Turkey nor Syria have said how many people are still missing.

For families still waiting to retrieve their lost relatives, there is growing anger over what they see as corrupt building practices and deeply flawed urban development that resulted in thousands of homes and businesses disintegrating.

"I have two children. No others. They are both under this rubble," said Sevil Karaabdüloğlu, as excavators tore down what remained of a high-end block of flats in the city of southern city of Antakya, where her two daughters had

Renaissance constructor, not of Ismail!" his sister-in-law yelled.

Turkey has promised to investigate anyone suspected of responsibility for the collapse of buildings and has ordered the detention of more than 100 suspects, including developers.

Across the border in Syria, the earthquake slammed a region divided and devastated by 12 years of civil war.

The Syrian government says the death toll in territory it controls is 1,414. More than 4,000 fatalities have been reported in the rebel-held northwest, but rescuers say nobody has been found alive there since February 9.

The aid effort has been hampered by the conflict and many people in the northwest feel abandoned as supplies almost invariably head to other parts of the sprawling disaster zone.

The child accidentally received a serious blow to his head during the clash, said police.

Doctors at Dhaka Medical College Hospital declared him dead around 9:30pm.

A case was filed against a couple in this connection, said Tipu Sultan, officer-in-charge of Dhobaura Police Station. Rozina, a neighbour of the victim, was arrested

and sent to jail via court whereas her husband Rony was on the run, he added.

The body was sent to the DMCH morgue for autopsy, he further said.

HC orders demolishing 27 brick kilns in Bandarban STAR REPORT

The High Court yesterday ordered the government to immediately demolish 27 illegal brick kilns in

The court delivered the verdict after lifting its earlier order that in 2014 gave two years' time for relocating the brick kilns.

The HC bench of Justice Farah Mahbub and Justice Ahmed Sohel came up with the judgment following a petition filed by Human Rights and Peace for Bangladesh (HRPB) for withdrawing its 2014 order.

In the verdict, the HC also rejected a writ petition filed by the owners of 27 brick kilns in 2014 seeking time from the court for relocating those, said Deputy Attorney General Samarendranath

Armenia offers peace treaty project to Azerbaijan

AFP, Yerevan

Armenia has presented to arch-foe Baku a project for a full peace treaty to end the Caucasus neighbours' decades-long dispute over the Nagorno-Karabakh region, Prime Nikol Pashinyan said yesterday.

The two countries have fought two wars for control of Azerbaijan's Armenian-populated enclave that have claimed tens of thousands of

Internationally-mediated peace talks between the ex-Soviet republics have since produced little if any result.

Pashinyan said Yerevan had completed on Wednesday "another stage of working on a project of a peace treaty and on establishing (diplomatic) relations" with Baku.

"A project of a comprehensive agreement had been handed to Azerbaijan," he told a cabinet meeting in Yerevan.

"The document has to be acceptable to Azerbaijan... its signing must bring about a lasting peace."

The sources said the AL suspects the BNP and its allies might run but pull out at the last moment.

At the February 7 meeting at the Jatiya Sangsad Bhaban, Hasina also issued a note of caution to AL lawmakers saying only those who are popular and acceptable would get party tickets and that two surveys had already been carried out to identify them, sources said.

Hasina asked the MPs to stay in their constituencies and visit constituents at their homes, strengthen the grassroots, and hold pending councils of AL units in their areas, said meeting insiders.

The AL in principle has decided to counter the BNP's ongoing street agitations and dominate the streets until the national election.

As the BNP's participation in the polls is uncertain, the search for dummy candidates has begun. An AL lawmaker from Dhaka

division told The Daily Star that he is pondering over his pretend rival. He said if the BNP and allies boycott the polls, the dummy candidates would make the election

appear participatory and help the ruling party candidates avoid being labelled as uncontested winners. The AL also issued some other

major directives to its lawmakers. It asked the MPs to quell intra-

party feuds before the polls so that nominees get a united front backing them in the race. Talking to The Daily Star, AL Joint

General Secretary Mahbubul Alam Hanif said the AL wants to go to power with the people's mandate and that's why the grassroots have been asked to prepare for the polls.

"As it is the largest political party, there will be competition for leadership positions within the organisation and it's only natural. The party has asked the lawmakers to resolve the intra-party disputes before the election so that the party does not have to pay for the conflicts," Hanif said.

Awami League General Secretary Obaidul Ouader issued a letter to the grassroots earlier this month, asking them to make the party dynamic.

Quader also asked them to accelerate the "Awami League member collection" drive, and announce fully-fledged committees of units that have had councils and also hold the pending councils.

He also asked them to organise month-long programmes in March to mark the historic March 7, the birth anniversary of Bangabandhu Sheikh Mujibur Rahman on March 17, International Genocide Day on March 25, and Independence Day on March 26.

Asked whether there was any advice on bringing the BNP to the next polls, the AL leader said, "We will not listen to anyone's instructions. Our constitution is our guidelines -which we follow."

He added that the BNP ignored the president's instructions on dialogue and even the EC invited the BNP twice to attend its dialogue but the party

"However, the BNP has always had a disinterest in dialogue. In fact, the BNP is not willing to join the general election because they [BNP leaders] know that the Awami League will come to power again under the leadership of Sheikh Hasina. So, the BNP is resorting to ill tactics, sensing defeat in the election."
