Rajshahi Govt College spares **BCL** members of punishment after attack on students

STAFF CORRESPONDENT, Rajshahi

Rajshahi Government College authorities have pardoned members of Chhatra League (BCL) involved in Wednesday night's attack on the college's resident students.

During a meeting held yesterday, students, teachers, and journalist leaders agreed to the decision in presence of the college's BCL leaders, despite initial demands from students to expel the BCL members and take legal action against the attackers.

On Wednesday night, two BCL men from outside, supported by around 10 members of the college unit BCL, stormed two blocks of the college's Muslim Hostel and beat up 25 students.

The assaulted students included online two who told iournalists newspeople that BCL men took this measure as students were not joining

Yesterday morning, when the assaulted students called for a protest, the college authorities invited them to a meeting held in the teachers' conference room.

The students told the meeting that BCL men turned the college into a "torture cell" and are using violence to force students to attend their events.

Even members of the reporters' unity and rover scouts are not spared from their torture, students alleged, adding

2 KILLED IN CTG WALL COLLAPSE

Demolition went on without safety measures

STAFF CORRESPONDENT, Ctg

When a building needs to be demolished, some basic safety measures are a must. If they are in place, tragedies like Wednesday's incident, in which a building's wall crushed two people to death, are unlikely to take place.

As one might suspect, this tragedy has taken place because authorities took no such measures. For example, there was no safety net or fence to catch the debris from above.

Rownak Chakrabarty and Jasim Uddin, who were working as contractor and subcontractor, were killed during the demolition work of the old building in the port city's Jamal Khan area.

Earlier, locals and eyewitnesses said during the demolition of the twostorey building, a part of the structure's wall collapsed, as work was underway without a safety net.

Shahidul Íslam, senior station officer of Chattogram's Chandanpura fire station, told The Daily Star, "The demolition work was underway without any announcement and safety

During a recent visit to the area, this correspondent found that many educational institutions - including Khastagir Govt Girls High School, Shah Waliullah Institute, AG Church School and Ideal School -- are located there.

Many residents, including students and guardians, visit the area every day. Besides, many young people hang out at the quite popular Jamal Khan area.

The building is almost 30 years old. Businessman Ratan Bhattacharya bought it about 15 years ago and used it as a warehouse.

This newspaper could not reach the owner despite repeated efforts.

Kazi Hasan Bin Shams, chief engineer of Chattogram Development Authority, told this newspaper that as per law, authorities have to arrange a safety fence before demolishing old buildings.

Secondly, they should make a public announcement for people to avoid moving in the area, he said.

An unnatural death case has been filed with Kotwali Police Station, said Officer-in-Charge Zahidul Kabir.

HARMING 50 PALM TREES Involvement of AL leader found

STAFF CORRESPONDENT

In a primary investigation, police have found involvement of local Awami League leader Shahriar Ali Paramanik alias Shahriar Alam in damaging around 50 palm trees on Baigachha Road in Rajshahi's Bagmara upazila through injecting insecticide.

Bagmara Police Station Officer-in-Charge Md Aminul Islam said this before a High Court bench during hearing of a suomuto (voluntary) rule

OC Aminul, who appeared before the bench of Justice Abu Taher Md Saifur Rahman and Justice AKM Rabiul Hassan yesterday, in compliance with its February 12 order, said a team of police visited the spot and collected the samples.

The OC said the probe report will be submitted to the court concerned in Rajshahi by March 30.

At the same time, daily Prothom Alo's Bagmara reporter appeared before the bench in compliance with its February 12 order, described the event of making a report over the incident.
