the investigation, SI Dulal showed negligence and said, "The girl has fled with someone she was having an affair with." Her parent also alleged that local police let suspect Rubel go after interrogating him for a few hours. However, PBI arrested Rubel, a street vendor, in this connection before recovering the victim's body. percent increase in power generation cost the last year. "With no immediate respite from the rising power generation cost, the government has adopted a strategy to pass the cost on to the consumers. As part of that, the government raised the tariffs of electricity since the start of this year," the study said. According to the study, a lack of success in renewable energy deployment over a decade raised concerns about the real possibility of implementing renewable energy in a broader scale in the country. It identified the challenges that worked as the reasons behind the failure, including limited planning, land constraints, doubts over the potential of renewable energy, the lack of suitable finance, absence of standard renewable energy procurement process, and insufficient institutional capacity. Currently, Bangladesh has 23,482 MW electricity generation capacity, including 49 percent from gas-fired, 32 percent from fuel-run, 11 percent from coal-fired plants, and 5 percent from cross-border imports. The share of on-grid renewable energy is only 2.5 percent (489 MW).

Quick work visa for right amount

FROM PAGE 3
Mohammad Basir Uddin, special superintendent of police (inquiry) of CID's financial crime unit, said they have started an investigation and after scrutinising the findings, a money-laundering case will be filed if they get evidence of the crime. Meanwhile, many agencies had a huge number of passports to process, which is why they were desperate to get the visas issued within a certain period. Some officials saw this desperation as an opportunity and started to charge extra. Sources said the Saudi embassy in Dhaka started charging recruiting agencies \$220 to \$250 for every work visa about a year ago. The embassy stopped taking the charge after the two Saudi diplomats returned to the gulf country after they were suspended two and a half months ago. The Saudi anti-corruption authority recently arrested the two — former deputy ambassador Abdullah Falah Mudhahi Al-Shammari and former deputy head of the consular section Khaled Nasser Ayed Al-Qahtani of the embassy. Two Saudi home ministry officials and a Palestinian have also been arrested for their involvement in illegal visa trading and money smuggling outside the country. Bangladesh's labour recruitment to Saudi Arabia surged phenomenally last year, with a total of 6,12,412 migrating to the country. In the first two months of this year, 85,319 migrated there. Interestingly, migrant remittance from the country, where some 20 lakh Bangladeshis work, declined over the last two quarters.

Damaged embankment

Sumon Chandra Pal said due to the lack of proper monitoring and feud among the samity members, the previous monitoring committee was dissolved last year. Later, a three-member ad-hoc committee, headed by Upazila Cooperative Officer Enamul Haque, was formed to address the issue. Shyamol Nandi, former secretary of the cooperative samity, was asked to hand the relevant documents over to the ad-hoc body, but he is yet to do that. Contacted, Shyamol said the matter is now pending with the High Court. Kalmakanda Upazila Nirbahi Officer (UNO) Asaduzzaman said they held a meeting recently at the local lawmaker's residence to find a way out to repair the embankment. Meanwhile, following directives from Netrakona Deputy Commissioner Anjana Khan Majlish, the upazila administration with the help of other departments concerned started filling earth at some of the broken parts last week, the UNO said.

Injured PUST

FROM PAGE 5
Denying the allegations of torture, PUST BCL President Faridul Islam Babu said Chhatra Shibir men were holding a meeting on Shaheed Minar compound and other students rushed to resist them. "They admitted to their involvement with Shibir. The other students got angry and took them to the hall but no one tortured them," claimed Babu. Proctor Dr Kamal Hossain said books and monthly receipts were found in possession of the three students, proving their involvement with Shibir. Asked about the legality of torturing Shibir members, he said he is not aware of any incident of torture. Pabna Sadar Police Station OC Kripa Shindhu Bala said police rescued the injured and took them to Pabna General Hospital. However, no complaints have been made by the university authorities or the three injured.
