Meanwhile, the water level of rivers in the Sundarbans has increased by 3-5 feet,

according to forest department sources. Most areas of the Sundarbans, shelter forest animals. Twelve such mounds will be constructed in the forest in the current fiscal year.

Masum Billah, executive engineer of Water Development Board in Bagerhat, said the water level of almost all the rivers in the district, including Pasur, Baleshwar, Panguchi, and Bhairab, has increased significantly.

The Pasur is flowing 15 cm above the danger level, while waters at Daratana and Bhairav are flowing 10 cm above the danger level, he said.

"During high tide, water flows at a height of two to three feet, but no embankment is in danger. The water pressure will decrease in the next three to four days, after the rain subsides and the full moon passes," he added.

community-level and take the opportunity of 2.5 percent cash incentive while sending money through banking channel.

The ambassador also said the embassy is working to stop "visa trading" to reduce migration cost and stressed on sending more skilled workers to Saudi Arabia to increase remittance.

"Remittance flow will increase if skilled workers are sent," he added.

Remittance sent by Bangladeshi migrant workers is considered to be one of the key pillars of the country's economic progress.

In last fiscal year, Bangladesh received \$21.6 billion in inward remittance compared to \$21.03 billion received in the previous fiscal.

In the outgoing fiscal, Saudi Arabia generated highest 17.42 percent of Bangladesh's total inward remittance, followed by USA (16.29 percent), the UAE (14.03 percent), UK (9.62 percent), and Kuwait (7.19 percent).
