access to technologies globally, and has sought support of the international community towards this end, he said.

“We need cooperation and collaboration of all if we want to prosper. That’s what we told our foreign friends and development partners,” Shamsul Arefin said.

He said they discussed cyber security, quality service, exchange of expertise and technologies.

Private and public sectors – all need to work together in this regard, he said.

Diplomats from various foreign missions in Dhaka, including from the US, China, Japan, Singapore, Maldives and development agencies such as World Bank, and the UN bodies were present at the meeting.

phase of take-off, two wheels also melted, sources at the Dhaka airport said.

Aviation experts said bird strikes, especially during take-offs and landings, are dangerous as jet engines lose thrust. This may lead to major accidents, they added.

In December last year, a Dreamliner aircraft of Biman was damaged when a bird hit the engine of the plane during landing at the Dhaka airport.

Officials of different airlines said bird strikes have become all too common at Dhaka airport.

Airlines are enduring huge financial losses because of it, in and around the airfield, they added.

without treatment after having to wait for hours in the outpatient department.

“Patients are getting X-rays done from elsewhere as the machine in the hospital is malfunctioning,” said medical technologist Birendra Chandra.

The negligence, misbehaviour, and poor treatment by some nurses and staff is appalling, said Abdul Motalib of Rajanagar

upazila.

“We don’t really want to come here until we run out of options,” he added.

Residential Medical Officer Dr Ahmad Faisal Zaman said, “If the vacant doctor posts are filled, we can enhance our outpatient services.”

“Some special tests cannot be performed due to the lack of reagents and budget. We have informed the matter to the higher authorities,” he added.

Acknowledging the issues, Dr Binendu Bhowmick, acting superintendent of the hospital, said, “We are doing our best to improve the hospital. However, the shortage of staff, doctors, and equipment is not just adding to the patients’ suffering, but also burdening us with work.”
“I hope the authorities will address the issue soon and take necessary steps,” he added.

Often times, patients have to return home without treatment after having to wait for hours in the outpatient department.

“We have already informed the matter to the highway police via an official letter,” he added.

This correspondent tried to contact Highway Cumilla Zone’s superintendent of police over phone for comment but he did not pick up.

WOMAN-DAUGHTER MURDER

Three brothers held in Bagerhat

OUR CORRESPONDENT, Bagerhat

Police arrested three brothers in Bagerhat’s Sharankhola upazila early yesterday over their alleged involvement in the killings of a woman and her daughter the day before.

A 38 year-old woman, Papia Akhter, and her daughter Sauda Jeni, 5, were hacked to death by some miscreants at Uttar Rajapur village in the upazila around 7:00pm on Friday.

The arrestees – Monir Howlader, 45, Neharul Howlader, 48, and Milan Howlader, 40 – are from Paschim Rajapur village in the upazila, said police.

They were produced before a Bagerhat court yesterday, said KM Ariful Haque, superintendent of police in the district.

Earlier, Al Amin Khalifa, brother of Papia Akter, filed a murder case with Sharankhola Police Station naming seven people, including the three arrestees and four unidentified persons.

The complainant in the case brought murder charges against Monir, while others were made accused of aiding and abetting the crime, said the police official.

Contacted, Papia’s younger sister Sumi Akhter said Monir used to stalk Papia. He also threatened to kill her if she did not accept his “illicit proposal”.

Besides, Papia’s husband Abu Zafar Hawladar was also accused in the case as she had a feud with him, said the SP.

Efforts are on to arrest the other accused, he added. Zafar has been on the run since the incident, he said.
