

**World's Best
GPH Quantum
Steel**

PURBACHAL EXPRESSWAY

Dhaka Purbachal Expressway is officially open for everyone. The 12.5 km long expressway connects megacity Dhaka with Purbachal suburbs, Narayanganj and Gazipur. GPH Ispat has supplied the highest quantity (22,000 MT) of quantum technology world class re-bars for this project.

**A NEW ADDITION TO THE MOBILITY OF BOTH THE
ADMINISTRATIVE AND COMMERCIAL CAPITALS**

CHATTOGRAM ELEVATED EXPRESSWAY

The Chattogram Elevated Expressway, spanning 16 kilometers, stands as a remarkable enhancement to the connectivity of the port city. This infrastructural achievement has seamlessly linked the city with Southern part of Chattogram, effectively alleviating traffic congestion and optimizing the efficiency of the communication network. Notably, GPH Ispat played a pivotal role in this development by providing highest quantity (36,200 MT) of world class re-bars. This substantial contribution underscores GPH Ispat's commitment to delivering world-class materials for the successful construction of this transformative project.
