

Two killed as truck hits them

OUR CORRESPONDENT, Mymensingh

Two pedestrians were killed as a truck hit them in Mymensingh yesterday morning.

The accident happened on Mymensingh-Kishoreganj road in Ishwarganj upazila, said police.

Janati Gour, 60, from Duttapara area in Ishwarganj, died on the spot, and Abdus Sattar, 55, from Naupara village, was declared dead at Mymensingh Medical College Hospital.

The Kishoreganj-bound sand-laden truck skidded off the road before hitting them around 9:00am, said Farid Ahmed, OC (investigation) of Ishwarganj Police Station, quoting locals.

10 injured in AL, Jatiya Party clash

OUR CORRESPONDENT, Narayanganj

At least 10 people were injured in a clash between the supporters of Awami League and Jatiya Party in Sonargaon upazila of Narayanganj yesterday.

The incident happened in Nunertek area under Barodi union, said police.

Locals and police said there has been a longstanding rivalry between the UP member of ward-6 Barodi Osman Gani and Jubo League's ward committee general secretary Sukkur Mahmud. Their conflict has intensified ahead of the upcoming general election.

Yesterday, the two groups used sharp weapons in the clash. Mahbubur Rahman Babul, UP chairman, said an argument over setting up stalls at a local fair led to the conflict.

Jubo League leader Sukkur Mahmud said, "UP member Osman Gani and his associate Jatiya Party leader Jakaria attacked us following a trifling matter."

Denying the allegation, Osman Gani said his men were beaten by Sukkur Mahmud's followers.

Sonargaon Police Station Officer-in-Charge said the clash left the people from both the groups injured. Legal actions will be taken in this regard, he added.

Swapan shines in malta farming

OUR CORRESPONDENT, Jhenidah

Md Ashraf Hossain Swapan is an inspiration to hundreds of farmers in Jhenidah, who have taken up cultivation of Vietnamese malta and other fruits.

The 51-year-old has been cultivating the fruit in Baliadanga village under Kaliganj upazila of the district since 2011 and achieved success in his venture.

Visiting his orchard recently, this correspondent saw large green malta fruits hanging in clusters from branches. The fruits will be ready for harvest in a couple of months.

"After graduating in 1996, I started a fertiliser-insecticide business at Baliadanga bazar. During this time, I got introduced to many people who inspired me to start strawberry cultivation in 2006. However, I could not get expected yield due to the climate here, which is not suitable for the fruit," he said. "In 2011, I switched to cultivating dragon fruit on three bighas of land and Vietnamese malta on 2.16 decimals of land, since these fruits

can be harvested every five months for twice a year, and are suitable for the climate here," he said.

This year, he invested Tk 30,000 for the orchard and has already recouped his investment after selling fruits from just the first harvest. He will harvest the fruits

others, including myself, are now following him after witnessing his success. I am now cultivating dragon fruit."

Abdus Samad of neighbouring Patbila village, echoed him.

Vietnamese malta is being cultivated on a total of 151 hectares

again in February next year and expects to earn Tk 2.50 lakh.

Swapan also expressed his interest to introduce newer fruit varieties.

Kutub Uddin, a dragon fruit producer in the upazila, said, "Swapan was the first to begin cultivating Vietnamese malta in the area, and has shown that cultivating fruits can be lifechanging. Many

of land in the district in the current fiscal year (2023-24). In the last fiscal year, it was 126 hectares, according to the Department of Agricultural Extension in Jhenidah.

Asgar Ali, deputy director of DAE in Jhenidah, said, "Swapan always seeks to introduce new varieties of fruits for cultivation in the district. We always assist him in his endeavours."

While responding to a question, Iftekharuzzaman said, "Upon reviewing the period before and after the announcement of the upcoming national election schedule, it seems to us that what we mean by participatory election is unlikely to take place this time. This is a matter of great concern."

He suggested amending Article 70 of the Constitution to create

opportunities allowing the parliament members to propose dissent, engage in discussions, and vote against their respective parties in all other areas except motion of no-confidence and in case of budget making.

He opined that after being elected, the prime minister should resign from the party position to perform parliamentary and executive duties in an unbiased and transparent manner.
