

## Stop hill cutting in Lohagora: HC

STAFF CORRESPONDENT

The High Court yesterday ordered the government to stop cutting hills and extracting soil at Lohagora in Chattogram within seven days.

In response to a petition, the court asked the government to take legal action against those involved in these illegal activities.

The HC also issued a rule in this regard.

The bench of Justice Md Khasruzzaman and Justice KM Zahid Sarwar issued the order and rule following the petition filed by Human Rights and Peace for Bangladesh.

Advocate Manzill Murshid appeared for the petitioner while Deputy Attorney General Bepul Bagmar represented the state.

The country's first village supermarket, set up in Tipna village under Khulna's Dumuria upazila in 2015, is now largely unused due to a myriad of factors- including syndicates of brokers, traders, and middlemen.

# Country's first village super market lying idle

DIPANKAR ROY, Khulna

To establish a direct connection between farmers and traders, the country's first village supermarket (VSM) was set up in Tipna village under Khulna's Dumuria upazila in 2015. However, the market currently remains idle.

The Netherlands-based Solidaridad Network Asia took the initiative to set up the VSM on 2.1 acres of land beside Khulna-Satkhira highway. It was completed in September 2018 for Tk 10.18 crore. The market spans over 86,000 square feet, with 30 auction centres. It also has sorting and grading space, washing facilities, and guided packing house, among others.

Aiming to ensure a fair price through their direct participation and develop a modern value supply chain in rural areas, the VSM authority had planned to accommodate over 1,500 producers.

Visiting the market recently, this correspondent found the place largely empty. The 20 fish and 10 vegetable auction centres were lying vacant on the ground floor, while ice mills, freezers, fish processing centres and depots were inactive.

A few dairy farmers and their representatives were seen selling milk in the south-east corner. On the second floor, a project office of an NGO was seen open, while a bank office was seen closed.

While the market was well received by local traders initially, the enthusiasm surrounding this initiative decayed gradually in the next three years, said Tuhin Sheikh of Tipna village. Although the market has all the facilities, stakeholders seldom visit the place for myriad reasons, including syndicates of brokers, traders, and middlemen.

"I used to sell fish and was benefited as there was no middleman. Meanwhile, I got the advantage of digital weighing

machine," said Nishkriti Mondal, who had to close business after the fish trading centre was shut down.

There is a syndicate of middlemen who loan money to cultivators in times of distress in exchange for a promise only to sell their produce at markets under their control. As traders cannot take more than the amount promised due to digital weighing machines, they avoid this market, said Mohsin Sheikh, a member of Kharnia Union Parishad. "The market has all the facilities, including CCTV cameras and banks, that prevent traders from getting unethical opportunities. That's why they have set up a few other markets nearby and don't come here," said Md Iqbal Hossain, manager of the market project.

"An NGO runs the VSM. They should communicate with all stakeholders to solve the problem," said GM Mohiuddin, senior agriculture marketing officer of Khulna.

## BNP MEN'S DEATH IN JAIL

### Writ seeks HC probe order

STAFF CORRESPONDENT

A writ petition was filed with the High Court yesterday seeking its order to form a committee with local and international human rights organisations to probe deaths of 13 BNP leaders and activists allegedly inside jails in the last six months.

BNP's Legal Affairs Secretary Barrister Kayser Kamal submitted the petition as a public interest litigation to the HC, also requesting the court to direct the government to give compensation to the families of "13 BNP men who died inside the prisons".

## Tea workers

FROM PAGE 3

education for tea workers' children. Mentionable, they also held a human chain on Saturday over similar demands.

Preeti's father Lokesh Uran and mother Namita Uran were present at the rally.

Jaharlal Datta, a secretariat member of the CPB Moulvibazar committee, and Puran Uran, general secretary of Uran Bhasha O Sangskriti Rakkhya Committee, among others, spoke at the event.

**NO INTERROGATION YET** Meanwhile, Tejgaon division Deputy Police Commissioner HM Azimul Haque yesterday said the investigation officer is yet to interrogate Ashfaqul and his wife Tania Khondoker, who were sent to jail after a case was filed with Mohammadpur Police Station.

The IO may interrogate them at the jail gates today as per the court's directives, he told The Daily Star.

## DU students demand

FROM PAGE 3

psychological abuse against Prof Junaid with the proctor's office.

The complainant submitted another written complaint to the vice chancellor yesterday.

Earlier, a group of students of the department's 12th batch submitted a written complaint to the VC against the teacher accusing him of giving them poor marks intentionally.

Contacted, Junaid demanded a thorough investigation into the allegations and claimed that he has been a victim of media trial before any investigation could take place.

"I want the allegations to be investigated, there should be a fair investigation, a detailed analysis...I want a thorough investigation," Junaid told The Daily Star last night.

"But before any investigation takes place, the way I was held guilty and my picture was published in media -- I condemn that. Because no one has heard my version yet," he added.

After the allegation of

sexual harassment was raised against the teacher, students of different batches started raising voices against him and declared to boycott classes. Over 200 students took position in the department corridor since yesterday morning.

Around 1:30pm, students brought out a protest march from in front of the Faculty of Social Sciences building that ended in front of the VC office.

Earlier, Prof Abul Mansur Ahmed, chairman of the journalism department, along with some teachers went to the VC's office.

Later, a student delegation entered the VC office and spoke to him.

Contacted, Abul Mansur said he has spoken to the teachers as well as students in this regard. "I also held a meeting with the vice chancellor where the university proctor was present," he said.

Contacted, VC ASM Maksud Kamal said he will hold a meeting with the university administration in this regard today and take a decision.

## Ban single-use

FROM PAGE 5

action in this regard," said the minister, proposing a ban on single-use plastics.

"If we can make it possible, it will be an example for the country," he added.

Earlier, while speaking on his notice, Ferdous demanded a ban on single-use plastic products.

"If the usage of one-time plastic products cannot be stopped, it will be a challenge to protect the capital's environment," he said.

## Govt must

FROM PAGE 3

Mozammel Hoque Chowdhury, secretary general of Jatri Kalyan Samity, said they compile data on road crashes and deaths based on second data (media report) due to a lack of capacity.

"Only 30 to 35 percent of accidents got media coverage. Bangladesh Road Transport Authority often questioned the numbers presented by non-government organisations, terming those 'exaggerations of fact,'" he said.

The authority does not feel the necessity to assess the real number of road crashes and deaths through primary sources, and thus they do not possess the real picture and cannot take the necessary steps, he added.

## No economic zone on agri land Five die in lorry-autorickshaw

FROM PAGE 3

"The way agricultural lands and water bodies are being filled up by land grabbers is alarming. In many cases, the administration's indifference and collusion are hindering the preservation of agricultural land, as evidenced by the illegal filling of agricultural land in six mouzas by Unique Properties Development Limited in the name of the 'Sonargaon Economic Zone,'" the letter said.

The six mouzas of Pirojpur union in Sonargaon upazila of Narayanganj district are low lying lands included in the government's IRR1 scheme, reads the letter.

A private housing company named Unique Properties Development Limited undertook a housing project named "Sonargaon Resort City" in 2011 by filling up these agricultural lands, the letter said, adding that the company grabbed 2,350 bighas of land for the implementation of its project and commenced filling the soil, and locals were threatened and coerced into selling their land in some cases.

The local administration, Department of Environment, and Bangladesh Inland Water Transport Authority

have accused and fined the Managing Director of Unique Property Development Limited and the Managing Director of Sonargaon Economic Zone at different times for illegal landfilling, the letter stated.

The other signatories to the letter are the Association for Land Reform and Development's Executive Editor Shamsul Huda, Ain o Salish Kendra's Executive Director Faruq Faisal, Nagorik Uddyog's Chief Executive Zakir Hossain, BLAST's legal advisor SM Rezaul Karim, writer Pavel Partha, and Green Voice's Central Coordinator Alamgir Kabir.

reports from our correspondents. In Dhaka, two motorcyclists were killed after being hit by an oncoming lorry in Dhamrai upazila yesterday.

The accident took place on the Dhaka-Aricha highway at Bathuli in the upazila around 2:00pm, said police.

Md Ziaur Rahman, 40, and Janib Ali, 50, residents of Jaipura village in Dhamrai, died on the spot, said Gola Highway Police Station SI Shah Alam.

In Thakurgaon, a motorcyclist was killed as

a truck hit him from the opposite direction in Sadar upazila on Saturday night.

The accident occurred on Thakurgaon-Panchagarh highway at Telipara village, said police.

Saher Ali, 70, from Madarganj village in the upazila died on the spot, said Boda Highway Police Station Officer-in-Charge Shariful Islam. The truck driver fled from the scene soon after the accident.

In Chattogram, at least five persons were injured in a five-vehicle pileup inside Bangabandhu Sheikh Mujibur Rahman Tunnel in

Patenga yesterday. Following the incident, the tunnel's panel board got damaged, said the authorities.

The tunnel Deputy Project Director Abul Kalam Azad said, "After the accident we seized the damaged vehicles..."

A car from Patenga point hit a microbus from behind, and minutes after two more cars and a microbus from the same direction crashed into each other, said Tanveer Rifa, an assistant engineer (toll and traffic), Bangabandhu tunnel.

The injured were taken to a local hospital.

## 19 institutions

FROM PAGE 3

"But we're also paying the holding tax. We deposited Tk 25 lakh three months ago. We paid Tk 9 lakh this month. From now on, we hope to pay Tk 9-10 lakh every month," he said.

Contacted, Ariful Haque, chief revenue officer of DSCC, said, "Government-run institutions are among our biggest defaulters. We have sent letters and also contacted them directly, but these institutions are not paying the holding tax."

"We will continue to send them letters and put pressure on them to pay the due amount," he added.

## Security beefed up

FROM PAGE 5

power cables and transformers went missing.

The airport has three layers of security, comprising around 500 security officials, including Immigration Police, Armed Police Battalion, and Ansar members discharging duties round-the-clock.

A watch tower has been installed at a cost of Tk 1.5 lakh at the airport runway area near the Boat Club. Also, a special security patrol has been arranged to avoid further incidents of theft, said the sources.

"We have ensured several features now to tighten security at the airport. Our operational works were unaffected despite the thefts. The spots from where the transformers were stolen, were occupied by jungle and bushes. We cleared the area and installed a 24-hour watchtower for security personnel," said Group Captain Taslim Ahamed, director of the airport.

"We have also arranged for security patrols by Ansar men across the airport area, every three

hours," he added.

"The airport is a secured area and without any involvement of security person's, it was not possible to steal electrical items several times," said a police official of Patenga Police Station, wishing anonymity.

"During the regular collaboration meeting, we discussed the issues, but the airport security officials are indifferent in this regard. The stolen items cannot be used anywhere else except at the airport. Even the airport authorities don't want to file any complaint with the police station to cover up the incidents," he added.

However, Taslim said, "We have already informed the law enforcers so that they can help us find the criminals."

He reiterated zero-tolerance against any kind of irregularities. OC Kabirul Islam of Patenga Police Station, said, "We are ready to help the airport authorities if they seek any assistance. They informed us about a theft a few days ago and we are investigating it."
