## Book on Nordic influence in S Asia launched

STAFF CORRESPONDENT

A book titled "A New Testament" by Prof Tone Bleie was unveiled yesterday at the Residence of the Norwegian Ambassador to Bangladesh, Espen Rikter-Svendsen.

The book by Prof Tone Bleie explores Scandinavian missionary endeavours in Eastern British India and their impact on indigenous communities.

Prof Bleie's work examines the intertwined histories of Scandinavian settlers and Santal, Boro, and Bengali groups. It sheds light on missionary activities during the Santal rebellion and their role in societal transformation.

According to Ambassador Rikter-Svendsen, the book reveals a lesser-known aspect of Nordic history in South Asia. He emphasised its significance in understanding the region's socio-economic dynamics.

The discussion included insights from Prof Mesbah Kamal, Shamsul Huda, and Prof Anwarul Karim, highlighting the book's multifaceted exploration.

## EID JOURNEY

### Traffic jam likely at 155 spots: BRTA

STAFF CORRESPONDENT

Authorities have identified 155 spots on different highways and areas that may witness traffic congestion during Eid rush, unless proper monitoring is ensured.

A list of the spots was shared at a stockholders' meeting organised at BRTA headquarters yesterday.

The spots include 48 on Dhaka-Chattogram-Cox's Bazar Highway; 52 on the roads that connect Dhaka with north-western districts; 41 on Dhaka-Sylhet highway; six on Dhaka-Mymensingh highway; and eight on Dhaka-Aricha highway.

Highway police, traffic police, Roads and Highways Department and Bangladesh Road Transport Authority (BRTA) jointly prepared the list, BRTA Chairman Nur Mohammad Mazumder told this correspondent.

At the meeting, Obaidul Quader said Hanif Flyover, which is an exit point for vehicles heading to south, east and north-east regions, may witness tailback unless proper monitoring is ensured.

Quader also directed road transport and highways secretary to speak with Local Government Division to ensure smooth journey via the flyover ahead of Eid.

Shahjahan Khan, president of Bangladesh Road Transport Workers Federation and presidium member of Awami League, proposed to stop toll collection from the flyover during the Eid rush.

Quader also said that the movement of trucks, vans, and lorries on highways to be stopped three days before and three days after Eid to ensure hassle-free travel.

However, vehicles carrying daily essentials and emergency medicine, fertiliser and fuel will not have to face these restrictions.

## 3 Bangladeshi workers held in Malaysia

DIPLOMATIC CORRESPONDENT

Malaysian police yesterday arrested three Bangladeshi expatriate workers in Kuala Lumpur.

The arrest came days after several dozen workers, who had been staying in the country for seven months without being provided jobs or salaries, filed complaints with Labour Department against their recruiting companies - Suria Harmoni Resources SDN BHD and Beaks Construction SDN BHD.

The arrested workers are Jahirul Islam, Maruf Hossen, and Mofiz Sheakh. They were among those who filed complaints with the Labour Department.

Last week, six of the workers, including the trio, also filed case with police, alleging that their passports were being confiscated by their employer while they were left jobless, unpaid, and in debt.

Sivaranjani, head of labour bureau of the Malaysian Socialist Party, said, "Informed by the employer, police arrested

## 'Spare us the shame of rundown buses'

### Quader urges transport leaders

STAFF CORRESPONDENT

Road Transport and Bridges Minister Obaidul Quader yesterday urged transport leaders to save him and the country from embarrassment by fixing rundown buses.

"I want a solution from the [transport] leaders. Things cannot go on like this," Quader said at a preparatory meeting at BRTA headquarters ahead of Eid-ul-Fitr.

Shahjahan Khan, president of Bangladesh Road Transport Workers Federation and presidium member of Awami League, alongside Mashiur Rahman Ranga, president of Bangladesh Road Transport Owners Association, were present at the meeting.

He said journalists questioned him about the rundown buses when he went to inaugurate a ramp of Dhaka Elevated Expressway on Wednesday. They even questioned him why he could not bring changes even after leading the ministry for 12 years.

## JAILING JOURNO UNO summoned

STAFF CORRESPONDENT

The Information Commission has summoned Nokla Upazila Nirbahi Officer Sadia Ummul Banin in Sherpur to explain her alleged non-cooperation with a local journalist who sought information from her office under the Right to Information Act.

The UNO will have to appear before the commission on April 2, information ministry sources said.

The order came following an inquiry by Shahidul Alom Jhinuk, a member of the commission and a former district judge.

Shahfuzzaman Rana, 45, Nokla correspondent for Bangla daily Desh Rupantor, was jailed for six months by a mobile court, led by Shihabul Arif, assistant commissioner (land), for "misconduct" while seeking information at the UNO office on March 5.

He was, however, released from jail eight days later, after the incident sparked outrage among various journalist organisations. "We have no jurisdiction over the mobile court process. So, we summoned the UNO, not the AC (land) as he is not part of this process," said an official of the Information Commission Secretariat.

## Canada wants to sell more Dash-8 aircraft to Biman

STAFF CORRESPONDENT

Canada has expressed interest in selling more Dash-8 aircraft to Biman Bangladesh Airlines.

Canadian Ambassador to Bangladesh Lilly Nicholls expressed the interest while meeting Civil Aviation and Tourism Minister Muhammad Faruk Khan at the latter's Secretariat office yesterday.

"Canada is also interested in doing engine repairs, overhauling and maintenance of various aircraft engines through Canadian Commercial Corporation on a G2G basis," said the ambassador.

Bangladesh has procured three new Dash 8 aircraft from De Havilland Canada in the recent years. Fifteen new aircraft have already been added to Biman's fleet and expansion and new regional and international flight routes are in works, said the minister.

"Following a formal offer from Canada, a decision, considering the needs of the aircrafts, will be taken. Their proposal for overhauling will be negotiated between the relevant authorities," he added.
