FIVE-DAY HOLIDAY DURING EID

According to the predetermined schedule, government officials and employees will get a five-day holiday from April 10 to April 14 during the upcoming Eid. The Cabinet Committee on Law and Order recommended a holiday on April 9, but the Cabinet rejected it.

Eid-ul-Fitr will be celebrated in the country on April 10 or 11, subject to the sighting of the moon. However, the government

has fixed the Eid holidays for April 10, 11, and 12.

The cabinet secretary said their review of the Meteorological Department's report has shown that this year's Ramadan is most likely to be in 30 days.

CHANGE IN WIDOW AND HUSBAND SUPPRESSION ALLOWANCE

The Cabinet has also approved the draft "Widow and Husband Suppression Allowance Scheme Implementation Policy, 2024," relaxing the limit of income to get the allowance.

Widows and women oppressed by their husbands, who earn less than Tk 15,000 a year will come under the allowance.

The current limit is Tk 12,000 per year, according to the existing rules.

AL says it spent

FROM PAGE 5
There is a provision for submitting the party's expenditure report within 90 days after the polls, detailing how much the party candidates can spend from the declaration of the election schedule to the

end of the election.

The provision says if any party has over 200 candidates, it can spend a maximum of Tk 4.5 crore. Similarly, parties with over 100 but fewer than 200 candidates can spend Tk 3 crore in the election.

No headway even

FROM PAGE 5
was not interested in it. Due to this, Mehedi's relationship with Jamal Kha was deteriorating," said Kashem Bepari.

"Jamal's associates Jisan and Nabil were absconding after my son was murdered. I informed the IO about it, but police later did not look into the matter," he

claimed. Mahamudul Hasan, DB inspector and the new IO, said, "The IO in the case has been changed several times following the plaintiff's application. I was placed in charge of the case just two weeks ago. I have not visited the spot nor received the autopsy report yet."

DRUMSTICK CULTIVATION

A new hope for farmers in Khulna

DIPANKAR ROY, Khulna

Nimai Chandra Roy, a retired teacher of Khalashi Bunia village under Khulna's Batiaghata upazila, planted some branches of moringa, or drumstick (locally known as sajne data), on fallow lands around his house three years ago.

The branches have since grown into trees and have been producing popular and highly nutritious vegetables with little or no input for their cultivation.

"Last year, I got 35 maunds of drumsticks and earned a good profit. This year, I planted around 200 more branches on the fallow lands around my house, shrimp enclosures, and even roadsides. I have already sold drumsticks worth Tk 80,000 this year, and hopefully will earn another Tk 40,000 selling the rest of the harvest," he said.

"Initially, it fetched Tk 120-160 per kg in the market, but now it is being sold at Tk 80-100 per kg. Even then, drumstick is a profitable crop, as it does not require any fertiliser, pesticide, or additional labour for cultivation," Nimai Chandra added.

Ranjan Bairag, another farmer in the same village, said he earned around Tk 50,000 by cultivating drumsticks on his fallow lands.

Like Nimai and Ranjan, around 240 farmers in the same village, as well as many others across Khulna region, are successfully cultivating drumsticks on acres

of fallow land that had previously been left unused.

The farmers are expecting a bumper and profitable yield of moringa this year if the weather remains favourable.

According to Department of Agricultural Extension, in 2022-23 fiscal year, a total of 2,997 tonnes of drumsticks were

Batiaghata upazilas, generating financial benefits for the farmers.

Pabitra Roy, a farmer from Khalashi Bunia village, said, "Around 10 years ago, people used to cultivate moringa on a small scale only for their family's consumption. Now it is being cultivated commercially due to its high demand, good

produced from 431 hectares of land across Khulna, Bagerhat, Satkhira, and Narail districts.

This year, the cultivation expanded to 533 hectares of land in the four districts.

The crop is being cultivated on 244 hectares of land in Khulna alone this year, up from 190 hectares last year, showed the DAE data.

Drumsticks are being cultivated on a large scale in over 100 villages under Khulna's Dumuria and

market price, and low cost of production."

"Wholesale traders come to the village almost every morning to buy drumsticks directly from us," he added.

Mohan Kumar Ghosh, additional deputy director of DAE in Khulna, said the cultivation of drumsticks is rapidly expanding on fallow lands in the region for its nutritional value and profitability.

"It has brought new hope to farmers in the region," he added.

Not the first time

FROM PAGE 5
where forest officials came under attacks by culprits involved in felling forest trees and razing hills in Cox's Bazar, he added.

The Department of Environment (DoE) in Cox's Bazar filed over 200 cases in Cox's Bazar in connection with razing of hills illegally. However, there have not been much progress in most of these cases.

"These people are part of an organised syndicate and they are so reckless that they even dare to attack forest officers almost every month since no proper action has ever been taken against them over the years," said Dr Sarwar Alam divisional forest officer of Cox's Bazar South Forest Division.

Meanwhile, a case was filed early yesterday in connection with the killing of Sazzadzaman, accusing 15 persons, including eight named accused and unidentified others.

The named accused are: dump truck driver Md Bappi, 23; Syed Alam, 40, and his son Md Tarek, 20; Helal Uddin, 27; Syed Karim, 35; Md Babul, 50; Md Rubel, 24; Kamal Uddin, 39.

Of them, police arrested Syed Karim from the area yesterday morning, confirmed Md Shamim Hossain, officer-in-charge of Ukhiya Police Station.

"Drives are on to arrest the other accused," the OC added.

Gazi Shafiul Alam, a forest officer of Ukhiya Range, said, "We are all traumatised after one of our best officers got killed by the criminals."

"At least five dump trucks involved in transporting soil after razing hills illegally were seized in the last few months. All those trucks, including the one that was used to kill Sazzad, had no registration, and yet those were plying the highway," he added.

Sources said at least 2,000 dump trucks are involved in transporting hill soil in Cox's Bazar.

'Genuine' HSC, SSC

Shamsuzzaman, who has been followed following the arrest, said he learned how to prepare the certificates from another system analyst who was also involved in forging.

He said he has so far produced and sold around 5,000 forged certificates and shared the profit with others involved in the operation.

DB chief Harun Or

Rashid said after receiving complaints, a DB official, using a false identity, contacted Shamsuzzaman for a fake certificate. He later delivered a certificate in exchange for Tk 35,000.

"One would pay depending on their requirement," he said. Many have successfully enrolled at colleges or universities with these forged certificates, the DB official said.

114 women raped

FROM PAGE 3
and girls were victims of torture and violence.

Among them, 54 women (including 41 girls) were raped, while 15 women (including 12 girls) were subjected to gang rape.

One woman and one girl were killed after rape, while seven women (including four girls) survived rape attempts during the same period.

BMP president Fauzia Moslem also condemned and expressed grave

concern over the recent incident in Mohammadpur, where a young woman was held captive for 25 days, and subjected to gang rape.

"The safety of women and girls in their daily lives outside their homes has become increasingly compromised, posing significant security threats. These acts of violence not only impede their ability to participate in the workforce but also hinder their overall progress," she said.

CHT lagging behind

FROM PAGE 5
organised the workshop in a city hotel. United Nations Population Fund (UNFPA) provided technical assistance to the programme. Ministry of Chittagong Hill Tracts Affairs secretary Md Mashiur Rahman was present in the workshop as the chief guest.

Daniel Novak, first secretary to Embassy of Sweden; Kristine Blokhuis, country representative,

UNFPA; Md Jahangir Alam Prodhan; Maqsurah Noor; and Mohammed Nizam Uddin of DGHS were also present at the programme.

Md Mashiur Rahman said, "If you want to achieve SDG goals, you have to use every component of state. We are ready to extend our support to ensure fast health care service for all."

Four arrested

FROM PAGE 3
four accused, hours after she was rescued by police.

According to the FIR, Salma introduced the victim to Saan, Saan, Rocky, and Himel raped the victim multiple times from February 23 on the Mohammadpur flat. Salma used to guard the victim when the trio was not around.

The victim screamed for help when the house was empty on March 30, the FIR added. People passing by heard her cries and called 999 which led to her rescue.

Century-old raintrees to be felled

FROM PAGE 5
said, "We will demonstrate to save those trees."

Meanwhile, CDA has yet to get permission from Bangladesh Railway to use this land.

"We got a letter from CDA to lease out this land for constructing a ramp. But we are yet to give permission [for the ramp]," said an official of BR estate department, seeking anonymity.

Project Director Mahfuzur confirmed that they have yet to get

permission from BR.

According to CDA, Executive Committee of the National Economic Council (Enec) approved the Chatogram Elevated Expressway project in July 2017. The original cost of the project was Tk 3,250 crore, and it was scheduled to be completed in June 2020.

However, the government was forced to extend the date as CDA failed to implement the project within the scheduled time. At present, the updated cost of the

project is Tk 4,298.95 crore, and the deadline has been shifted to June 2024 after two extensions. The elevated expressway will have 15 ramps at nine points, from Lalkhan Bazar to Patenga. With the ramps, the total length of the expressway will be 28.5km. The ramps will facilitate entry and exit at Tigerpass, Agrabad, Barik Building, Nimtala Biswa Road, Customs area, CEPZ, Karnaphuli EPZ, Katghar area and sea beach intersections.
