Pursuing an international degree can be overwhelming and expensive. From navigating the admissions process to securing a visa and relocating to a new country, each step demands a significant amount of time and effort. Universal College Bangladesh (UCB) helps you transcend geographical boundaries by allowing you to prepare for, pursue, or even complete your long-dreamt foreign degree right here in Dhaka. Whether you come from a Bangla or English medium background, UCB's internationally accredited curriculum and classrooms will connect you directly to educational powerhouses in the UK, Australia, and beyond.

Overview of UCB
There are very few institutions like Universal College Bangladesh (UCB), located in the heart of Dhaka's elite district, that offer world-class educational services to Bangladeshi students. UCB, as the first-ever international higher

education provider approved by the Ministry of Education in Bangladesh, has partnerships with some of the world's leading universities. It is a great privilege to be a part of the UCB family, especially as a student.

in Bangladesh by offering top university programmes from leading Australian and UK partner institutions right here at home. As expected, all of UCB's programmes are taught by highly qualified faculty who creatively utilise small group teaching and provide personalised attention to every student. The teachers are equally committed to guiding students in all aspects of life, including extracurricular activities and other support services.

It's important to note that while studying abroad often requires students to live away from their families, UCB offers a wide array of world-class programmes close to home, with lower tuition fees compared to other international universities. This allows students to receive a top-tier education while staying within reach of their families, saving money, and maintaining a close connection with home. For students interested in pursuing studies abroad, UCB also provides support in test preparation, college applications, visa processing, and financial aid counselling. Being a UCB student offers the opportunity for a successful career, particularly through placement opportunities with esteemed local and international multinational corporations. To this end, UCB has established partnerships with leading companies such as Singer, LankaBangla, and Berger.

UCB is also planning to develop a 15-acre fully integrated learning and living centre, equipped with world-

education provider approved by the Ministry of Education in Bangladesh, has partnerships with some of the world's leading universities. It is a great privilege to be a part of the UCB family, especially as a student.

With the ever-growing opportunities for global exposure, it has become increasingly common for young Bangladeshis to seek better educational opportunities abroad. The most striking aspect of UCB is that it has redefined the landscape of higher education

class facilities for over 10,000 students. Additionally, UCB is in discussions with top-ranked universities globally and has already made significant strides in introducing new programmes in Science, Technology, Engineering, and Mathematics (STEM), as well as in soft sciences such as design, fashion, logistics, hospitality, and many other disciplines that will contribute to the economic development and success of Bangladesh.
