### BFIU seeks bank account details of Shahriar Alam

STAR BUSINESS REPORT

Bangladesh **Financial** Intelligence Unit (BFIU) yesterday asked banks to provide details of accounts of former state minister for foreign affairs Md Shahriar Alam, his wife and son.

anti-money The laundering agency in a separate directive also asked banks to provide transaction details Dilip Kumar Agarwala, managing director Diamond World, and his spouse, said an official asking not to be named.

The moves come as a part of investigations alleged money laundering several influential politicians and professionals, including ministers of the recently ousted Awami League government, which was overthrown by a mass uprising on August 5.

# Edible oil prices rising on global hike: traders

**BUSINESS** 

Loose and bottled soybean oil have become costlier in Bangladesh due to price hikes in the global market amid a supply shortage of the key cooking ingredient, according to traders.

The local retail price of loose and bottled soybean oil increased by about Tk 3-6 and Tk 5 per litre respectively over the past week.

Importers say the global market price of soybean oil rose by \$80 to \$90 per tonne over the past month.

 $Loose\,soy bean\,oil\,sold\,at\,Tk\,148$ to Tk 158 per litre in local markets yesterday while it was Tk 145 to Tk 152 a week ago, according to the state-run Trading Corporation of Bangladesh (TCB).

As such, the price of loose soybean oil increased by 3.03 percent over the past week, the TCB data showed.

general Abul Hashem,  $secretary \, of \, the \, Bangladesh \, \bar{E}dible$ Oil Wholesalers Association, said the price of soybean oil was Tk 5,700 per maund (around 37 kilogrammes) a week ago while it was Tk 5,750 on Monday.

"The supply of goods in the market must be increased, or the price trend will not be downward," he added.

wholesale market, told The Daily Star that supply has decreased by about 25 percent to 30 percent and the booking rate has increased a lot.

Meanwhile. Mohammad Manik, a trader at the Kazir Dewri Kitchen Market in Chattogram, said the supply of bottled he added. soybean oil of various companies has decreased

He also said the companies supplying bottled sovbean oil have increased the price by Tk 5

Manik said loose sovbean oil sold at Tk 155 per litre in retail markets last week. This week, the price has increased by Tk 5.

Besides, palm oil is being sold at Tk 142 per kilogramme while it was Tk 138 a week ago,

In the April-June period of this year, the price of soybean oil in the international market was \$986 per tonne while it increased to \$1,079 in July, according to the in Chattogram's Khatunganj per litre over the past couple of World Bank Commodities Price

And although soybean oil prices decreased slightly in August, it is being sold at \$1,031 per tonne, the data showed.

Taslim Shahriar, deputy general manager at the Meghna Group of Industries, said the price of soybean oil has increased in the international market, so the price has also increased in the local market.

Soybean oil now costs \$1,030 to \$1,040 per tonne in the international market while it was \$950 to \$970 a month ago, he added.

Taslim said the price of soybean oil increased in the international market due to supply shortages.

This is because inclement weather, namely drought, is hampering production by causing fires at soybean fields in Brazil, a major source for the key cooking ingredient.

He also said the demand for biodiesel is increasing, propelling the demand for soybeans in the process.

Due to this, a gap has been created in the demand and supply of soybeans, he added.

The annual demand for edible oil in Bangladesh is 22 lakh tonnes, with 23 lakh tonnes having been imported in fiscal 2023-24, according to data of the Bangladesh Trade and Tariff

### NBR asks officials to come to office on time

STAR BUSINESS REPORT

The National Board of Revenue (NBR) has asked the officials of its income tax wing to be at office ahead of the 9:00am reporting time.

"If an officer is unavailable at their station for being engaged in other work, his or her whereabouts will be recorded in the form of a written notice and hung in a visible place of their office," the NBR said.

The tax administrator yesterday issued the directives in an order signed by GM Abul Kalam Kaikobad, member of tax and administration and human resource management at the NBR.

The tax commissioner or director general will check the presence of all officers and employees working in their offices. If necessary, the official can take steps according to the rules.

"If an officer is on leave or out of the office for a meeting or any other reason, a notice in this regard shall be recorded and hung in a visible place," the NBR said.

The tax commissioners will also regularly visit the circle and range offices and give instructions on proper performance, it added.

## ECB to deliver fresh rate cut as inflation cools

AFP, Frankfurt

The European Central Bank is expected to cut interest rates again this week as inflation drifts back down towards its two-percent target, but policymakers will likely stay tight-lipped on

The ECB began raising rates sharply in mid-2022 to throttle surging consumer prices but has begun to ease the pressure as inflation rates have fallen.

The Frankfurt-based central bank, which sets monetary policy for the 20 countries that use the euro, made its first cut in June. reducing the key deposit rate to 3.75 percent

After taking a breather at its July meeting,

make another quarter-point cut on Thursday, providing further relief for households and businesses. It will only be the ECB's second rate reduction since 2019.

"A cut is fully priced in by the market and there seems to be a broad consensus among (governing council) members," analysts at bank HSBC said in a note.

Policymakers' confidence in moving ahead with cuts has been bolstered by signs that inflation, which has been bumpy over the past year, is now on a more sustained downward trajectory. Eurozone inflation fell to its lowest level in more than three years in August, according to official data.

Consumer price rises slowed to 2.2 percent will fail to materialise this year.

the ECB's governing council is expected to compared to the same month last year, down from 2.6 percent in July, leaving the figure just a whisker off the ECB's target.

Inflation rates had peaked at 10.6 percent in October 2022 after Russia's invasion of Ukraine and post-pandemic supply chain woes sent food and energy costs soaring.

A lacklustre performance in some parts of the eurozone has also fuelled calls for more cuts to take pressure off the single currency area. While signs in the first half of the year were positive, recent indicators have pointed to a deteriorating outlook.

The eurozone's largest economy, Germany, shrank unexpectedly in the second quarter, adding to indications that a hoped-for rebound

"Those ailing banks need to generate cash."

The banker urged the interim government to revisit the Bank Companies Act, which was amended earlier this year, and also said the central bank's definition of business groups needs to be revisited.

Selim RF Hussain, managing director of BRAC Bank, said there is a black economy in our country.

Hussain, also chairman Association of Bankers, Bangladesh (ABB), added that all processes had been digitalised in neighbouring India. As such, he suggested full digitalisation of the central bank.

To reduce rent-seeking raise government revenues, he added that the revenue administration should also be digitalised.

Hussain also emphasised the need to tackle the hundi system, which is an informal way of transferring money from one country to another. He said around 60 percent of remittances

However, Mansur said the central bank is not injecting US dollars into banks now.

Speaking about the country's economy, Mansur warned that the balance of payments, cash flow and dollar flow would be impacted if the volume of exports falls.

"So, we need to help export-oriented sectors. But we are not considering giving incentives or this or that. I don't believe that giving export incentives itself is the solution."
