

Anisul, Salman remanded

COURT CORRESPONDENT

A Dhaka court yesterday placed Anisul Huq, former law minister, and Salman F Rahman, private industry affairs adviser to former prime minister Sheikh Hasina, on five day remand each in a case filed under Foreign Exchange Regulation Act.

Dhaka Metropolitan Magistrate Md Arifur Rahman passed the order after Md Rashidul Hasan, investigation officer of the case and also a sub-inspector of Kotwali Police Station, produced them before it around 7:00am with a seven-day remand prayer for each.

Earlier, they were shown arrested in the case after the IO submitted an application in this regard.

On August 13, police arrested Anisul and Salman from Dhaka's Sadarghat area while trying to flee via waterways, and recovered foreign currencies from their possession.

Later on September 13, police filed a case against them with Kotwali Police Station.

In an effort to resolve waterlogging and restore the flow of rivers in the district's canals, a cleaning campaign was organised by the district administration in Barishal city. Workers, volunteers, and students from different colleges participated in the campaign. The photo was taken from the Morok Kholar Pool area yesterday.

Specialised ward launched at CMCH

STAFF CORRESPONDENT, Ctg

In a bid to cope with the rising number of dengue patients, Chittagong Medical College Hospital (CMCH) authorities have launched a specialised dengue ward at the hospital.

The old Covid-19 ward on the ground floor of the hospital's main building was turned into the specialised dengue ward on Wednesday.

A total of 10 ICU beds have also been installed in the ward to provide treatment to critically ill patients.

CMCH Director Brig Gen Taslim Uddin said at the ward, doctors, nurses, and other medical staffers have been on duty in three shifts.

Earlier, the dengue patients were admitted to different wards in the hospital, he said, adding, "As the

number of dengue patients has been increasing and some patients have recently died, we have launched the special ward for dengue patients."

He said at present around 50 dengue patients are admitted to CMCH.

Meanwhile, a total of 43 new dengue patients were admitted to different hospitals in Chattogram in the past 24 hours till 10:00am yesterday, said Dr Jahangir Alam Chowdhury, civil surgeon of Chattogram.

With them, so far a total of 986 dengue patients have been admitted to different hospitals in Chattogram this year till Thursday, he said, adding, "Of them, 12 patients have died."

"It has been raining at regular intervals this month in Chattogram, creating a favourable environment

for the breeding of Aedes mosquitoes," said Dr Jahangir.

Residents need to be cautious and keep their surroundings clean, he added.

Contacted, Sheikh Muhammad Tauhidul Islam, chief executive officer of Chattogram City Corporation, said CCC conservatory workers have been spraying anti-mosquito repellent as well as larvicide in different areas of the port city.

He also said 41 CCC wards have been divided into 10 zones for the work.

Dr Abdullah Abu Sayeed, assistant professor of medicine at Chittagong Medical College, said if dengue patients show severe signs, including abdominal pain, vomiting, low blood pressure, and bleeding, they must be admitted to the hospital.
