## Flash floods ravage Sherpur, M'singh

4 drown; 2.25 lakh people marooned

STAR REPORT

At least four people have died after being swept away by floodwaters, and a woman has been reported missing in Sherpur. The bodies of the four were recovered over the last two days.

During this period, flash floods have marooned around 2.25 lakh people in Sherpur and Mymensingh.

The four deceased — Rahijob Ambia, 45, Idris Ali, 65, and siblings Hatem Ali and Alamgir — were residents of Sherpur's Nalitabari upazila.

Locals said Ambia slipped on a flooded road around 5:00pm on Friday while heading to a shelter

with her five-year-old child and was swept away.

About one hour later, her body was recovered from the edge of Baghab village, said Abdus Sabu, chairman of the local union parishad.

The child, however, survived by clinging to a tree, Sabu told The Daily Star.

Idris was swept away by floodwaters while returning home from a kitchen market around 4:30pm on Friday.

His body was found around half a kilometre away, said Md Masud Rana, upazila nirbahi officer of Nalitabari.
