NEVER TOO LATE Couple passes HSC exams

alongside their son

AHMED HUMAYUN KABIR TOPU, Pabna

Faruk Hossain and Jakiya Sultana, a couple in their forties, have just passed the Higher Secondary Certificate (HSC) exams. What makes this achievement even more remarkable? They did so alongside their son, Hujjatul Islam Fahim.

Faruk and Jakiya's story begins much earlier. The two married as teenagers back in 2002.

Caught up in the responsibilities of married life, they dropped out of school and moved to Dhaka in search of work. Over the next two decades, they raised three children, settling into the rhythms of family life and livelihood.

However, somewhere along the way, Faruk and Jakiya felt an urge to return to the books they once put aside. "To be honest, I wasn't serious about my studies back when I was in school," Faruk reflected.

"Life happened -- we got married young, had responsibilities. But later, we realised how important education is, not just for us, but for our children too."

Determined to continue what they had started as teenagers, the couple enrolled in Khoyran Lukman Hakim Technical School in Sujanagar of Pabna. Fahim, their school-going son, cheered them on.

Together, the family took their Secondary School Certificate exams in 2022. All three passed.

"When I saw how hard they were trying, it gave me the drive to keep going too," Fahim said. 'They're my role models now," he added.

With Fahim's encouragement, Faruk and Jakiya decided to take things further. Enrolling in Satbaria Degree College in Sujanagar upazila, they set their sights on the HSC exams.

Fahim, who was studying at Willes Little Flower School and College in Dhaka, would take the same exam that year.

The results, published on October 15, painted a picture of collective success. Faruk scored an impressive GPA of 4.71, Jakiya 4.25, and Fahim secured 4.17.

For this family, it's not just about the numbers but the journey they have shared.

"We've always wanted to give our children what we missed out on," said Jakiya. "But at some point, we also realised we owed it to ourselves to finish what we started. Maybe we'll even graduate together."

The couple's determination has inspired those around them. Family members and villagers have praised their perseverance.

Faruk's brother, Rannu Bishwas, recalled how different things were in the past. "When Faruk was a regular student, he'd miss classes to hang out with friends. Now, to see him and Jakiya pushing SEE PAGE 4 COL 5

Abdur Rouf plies his van through the Chuknagar area in Khulna, carrying various products made from bamboo. He will sell these bamboo baskets, mats and nets in Khulna city, where these items are quite popular. Depending on the size, they sell for Tk 20-150. The photo was taken recently. 19 YEARS OF JAGANNATH UNIVERSITY New campus still a pipe dream

RAKIB MADBER

Jagannath University vesterday marked its 19th founding anniversary. However, it's an institution that traces its origins back to 1868 when it was established as a school by Kishorilal Roy Chowdhury, a zamindar from Manikganj.

In 1947, it became Jagannath College. Eventually, it achieved the status of a public university in 2005. As the university grew, so did the

need for a new campus to accommodate its expanding student body. In 2016, students launched a

protest movement for residential halls. Then, the authorities promised to build a campus with dormitory facilities. A project was approved in October 2018, allocating 200 acres of land in Tegharia, Keraniganj.

JnU, which began with 22

departments under four faculties in 2005, now boasts 38 departments across six faculties, serving around 17,000 students on an 11-acre campus. The proposed new campus aims to transform the university into a fully residential institution. The project, budgeted at Tk 1,920.94 crore, was also approved by the Ecnec.

The plans include buildings, dorms, offices, cafeterias, medical centres, grounds, a Teacher-Student Centre, and facilities such as swimming pool.

Originally scheduled for completion by June 2020, the project has been delayed four times, with no visible progress. University sources say 188.60 acres of the allocated land were handed over in January 2020, but the remaining 11.40 acres are still unacquired.

Tk 10 lakh looted in broad daylight STAFF CORRESPONDENT

A gang of robbers wielding machetes stopped an office vehicle in Mohammadpur and made off with Tk 10.75 lakh in cash yesterday.

The car belonged to a distributor of Nestlé products.

Hafizur Rahman, inspector of Mohammadpur Police Station, said the incident took place around 9:45am in Mohammadia Housing area.

Saiful Islam, area accountant for the distributor, said they left the office at 9:00am to deposit the money in the bank.

When they reached the area, six robbers on two motorcycles approached SEE PAGE 4 COL 8

Include members of private sectors in advisory council TIB urges interim govt

STAFF CORRESPONDENT

Transparency International Bangladesh (TIB) yesterday raised concerns over the exclusion of the private sector from the interim government's advisory council and its insufficient involvement in ongoing policy reforms.

In a statement, TIB highlighted the critical role of the private sector in the economy and stressed the need for its active participation in the government's reform activities.

"Excluding this key sector makes it nearly impossible to establish a non-discriminatory and participatory development system, especially in labour reforms," the anti-graft watchdog said.

TIB called for the inclusion of private sector representatives in the advisory council, arguing that their participation is essential for ensuring comprehensive policy reforms.

The organisation also urged the formation of SEE PAGE 4 COL 5

Come back and face trial AG Asaduzzaman tells Hasina

STAFF CORRESPONDENT

Attorney General Md Asaduzzaman yesterday called upon former prime minister Sheikh Hasina to return to Bangladesh and face trials for the cases filed against in relation to the killings during the antigovernment movement in July and August this year.

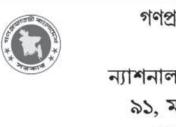

"I hope, she [Hasina] believes in the trial proceedings. If she does, it will be good for her," the AG said.

He was briefing reporters about the Appellate Division's judgement on the review petition filed challenging its verdict on the 16th amendment of the constitution, that empowered the parliament to remove Supreme Court judges for misbehaviour and incapacity.

The attorney general said Hasina can be brought back to Bangladesh through the Interpol and using the extradition treaty.

Hasina fled to India on August 5 amid the student-public protest and uprising.

So far, Hasina has been sued in 224 cases, including 193 for murders, 16 for crimes against humanity and genocide, three for abduction, 11 for attempted murder and one for attack on a BNP procession.
