He called for proper implementation of a separate urban vaccination strategy and for city corporations to have their own manpower for the task.

He also emphasised the need to enhance cold-chain capacity and ensure increased domestic financing for immunisation before the transition of Gavi support by 2029.

Prof Sayedur Rahman, special assistant to the chief adviser for health ministry, said reaching every child in urban areas remains a major challenge. He reaffirmed the government's commitment to universal vaccination and urged intensified efforts.

"People didn't sacrifice their lives for the same political situation. They wouldn't tolerate it, and as their representatives, we will not tolerate it either," he said.

He also raised concerns over the local government elections, saying that the Election Commission is moving toward national elections without any reforms.

Earlier, NCP held another meeting with Ganosamhati Andolon. An 11 member delegation, led by its chief Zonayed Saki, joined the meeting at the NCP's office at Bangla Motor. After the meeting, Saki said their main focus was reforms.

He said they want significant reforms before the next national election.

union parishad will begin constructing guide walls and filling earth to reinforce the bridge before the upcoming monsoon. The work is estimated to cost around Tk 10 lakh.

Abdul Motalab, a farmer from Gungajury village, said carrying paddy on foot across the bridge is both difficult and costly. "Many farmers are being forced to sell their paddy to middlemen at lower prices," he added.

More than 500 children from five educational institutions on both sides of the bridge use the structure daily, said Bipul Ahmed of Gungajury. "They are the worst sufferers. Even reaching the local

Dubarpar Bazar to buy or sell essentials has become difficult," he added.

Contacted, Alinur Khan, upazila nirbahi officer of Haluaghata, said, "Recently we visited the spot, and a suitable project is being undertaken to repair the roads with strong guide walls as the area is flood-prone."

"As the monsoon is approaching, we are also considering a temporary arrangement to ensure the bridge remains usable," he added.

landscape, both as a source and a target. About 68 percent of the false claims portrayed the party or its leaders in a favourable light.

In contrast, nearly all misinformation about the interim government and other political parties had a negative tone, the report stated.

"Much of the fact-checked misinformation around AL involved old or unrelated protest footage, falsely shared as recent rallies," the report said.

Other false narratives claimed that Sheikh Hasina had met UN and EU delegations in New Delhi, where she had taken shelter after her ouster, or that she would meet world leaders elsewhere, the report stated.

Student movement coordinators were among the hardest hit by misinformation campaigns.

Dismislab found that at least three female student leaders were targeted with doctored images falsely depicting them in sexually explicit situations.

Mass media outlets also contributed to spreading political misinformation.

The volume of such misinformation "surged" in early 2025, said Dismislab.
