"It was amazing to perform at the Blenders Choice - The Daily Star OTT and Digital Content Awards 2024. I would like to thank The Daily Star for giving me the opportunity to perform on such a big stage. Alif, the choreographer, did an excellent job, and I felt very comfortable working with him, even though I was a bit nervous at first. The energy of the crowd inspired me to give my best. Performing my own songs on the big stage is such a special experience, and I hope I can continue performing at this level in the years to come."

"It feels amazing to witness the Blenders Choice-The Daily Star OTT and Digital Content Awards for the past four years. But this year was truly special because, for the first time, I was actually awarded. Honestly, I didn't believe it until I was holding the award in my hands. It was a real surprise. I was grateful to be able to perform my original songs on such a big stage. I would like to thank my former band, Chirkutt, for helping me grow and reach this stage of my journey."
