

NATION RECLAIMS ITS VOTING RIGHTS

People from all sections of life -- women, men, young and old -- voted yesterday as the country held its first parliamentary election since the 2024 uprising, with 173 million citizens seeking a return to democracy after years of turmoil and autocratic rule. It was a festive atmosphere all around with families and friends queued up to exercise their right to franchise throughout the day amid heightened security. The photos were taken in Kishoreganj, Chattogram, Khulna, Feni, Narayanganj, and Rajshahi.
